

BW-A12L

Asus BW-12B1LT - Black 12x Blu-ray writer with Lightscribe

Specifications

Features:

The World's Fastest Blu-ray Burner at 12X the Speed

The ASUS Blu-ray writer combines multiple technological innovations, easily integrating many advantages in a user-friendly environment. The stylish appearance and functionality of this product provides consumers with an ideal choice for both business and entertainment.

Eye-popping Visual Excitement from Blu-ray 3D

It supports the latest Blu-ray 3D technology for lifelike movie experiences with Cyberlink PowerDVD and also adds depth to DVD videos with real time DVD to 3D conversion with single click of a button.

Intelligent Learning Program for Disc Recording

Optimal Tuning Strategy (OTS) allows the drive to perform a burning test prior to actual burning, factoring in both media and drive variations, as well as operating temperatures.

Light Scribe

LightScribe Direct Disc Labeling is a technology that offers consumers and businesses a simple, no-hassle way to burn professional, silkscreen-quality labels on their CDs and DVDs. Using the same laser that burns data in their disc drives, customers burn their data as always, flip the disc over, reinsert it into the drive and burn a precise, laser etched label.

Experience Blu-ray Entertainment So True to Life

ASUS provides HD-like visuals via an innovative suite of advanced video enhancement technologies that deliver unsurpassed quality for DVD movies easily and flexibly.

Refresh Your Listening Experience

Experience crisp audio with lossless pass through for Dolby Digital EX and DT5 HD (5.1 channels).
