ComX Computers
Product Specification Sheet

BX1400UI

APC Back-UPS 1400VA, 230V, AVR, IEC Sockets

Product Overview

APC Back-UPS 1400VA, 230V, AVR, IEC Sockets

Specifications

Features:

USB connection

Use your PC to access additional power protection and management features for your UPS via a USB Port.

Telephone dataline surge protection

Provides protection of connected equipment from power surges traveling on telephone lines.

Automatic Voltage Regulation (AVR)

Automatically steps up low voltage and steps down high voltage to levels that are suitable for your equipment.

Resettable circuit breaker

Easy recovery from overloads; no need to replace a fuse.

Automatic restart of loads after UPS shutdown Automatically starts up the connected equipment upon the return of utility power.

Automaticself-test

Periodic battery self-test ensures early detection of a battery that needs to be replaced.

Back-UPS Features & Benefits

Protection

Battery and surge protected outlets

Back up and protect your hardware and data during power outages, surges and spikes.

Surge only outlets

Protect secondary electronics from surges and spikes without reducing battery power used to run primary electronics during an outage.

Availability

Automatic self-test

Periodic battery self-test ensures early detection of a battery that needs to be replaced.

Battery failure notification

Provides early-warning fault analysis on batteries enabling timely preventive maintenance

Intelligent battery management

Maximizes battery performance, life, and reliability through intelligent, precision charging.

Serviceability

Resettable circuit breaker Easy recovery from overloads; no need to replace a fuse.

Manageability

Audible alarms

Provides notification of changing utility power and UPS power conditions

LED**status**display

Quickly understand unit and power status with visual indicators.

Safety

Safety-agency approved

Ensures the product has been tested and approved to work safely with the connected service provider equipment and within the specified environment.

Specifications	
Product Code	BX1400UI
Output	
Output Power Capacity	700 Watts / 1400 VA
Max Configurable Power	700 Watts / 1400 VA
Nominal Output Voltage	230V
Output Frequency (sync to mains)	50/60 Hz +/-1 Hz
Topology	Line Interactive
Waveform Type	Stepped approximation to a sinewave
Input	
Nominal Input Voltage	230V
Input Frequency	50/60 Hz +/- 3 Hz (auto sensing)
Cord Length	
Input voltage range for main operations	150 - 280V
Maximum Input Current	6A
Input Breaker Capacity	10 A
Type of Input Protection Required	3-pole breaker
