APNX C1-R Premium White Mid-Tower ATX Case

Product Overview

APNX C1-R Premium White Mid-Tower ATX Case, 4x PWM ARGB fan included, 3x Max 3.5" Drive bays, 3x Max 2.5" Drive bays, 7 Expansion slots, Supports GPU up to 395mm, Supports CPU Cooler up to 166mm, I/O Ports - USB 3.0 x 2 / USB Type-C x 1 / HD Audio & mic., 40mm internal Cable Management depth

Specifications

Overview Summary:

The APNX C1-R Premium White Mid-Tower ATX Case is designed for gamers and PC builders in South Africa who want performance and style in one sleek package. Featuring four pre-installed PWM ARGB fans and support for up to 11 fans, it ensures optimal airflow for high-end components. Its intuitive design, including a one-piece 'L' shaped metal panel and fine mesh dust filters, keeps your system cool and clean while showcasing modern aesthetics. Shop now to experience effortless cable management and easy installation with quick-release panels and redesigned cooling brackets.

This case supports GPUs up to 395mm and CPU coolers up to 166mm, along with multiple drive bays for flexible storage options. Its top, side, and rear liquid cooling compatibility makes it ideal for advanced builds, while the award-winning design adds a touch of sophistication to any setup. Buy now to upgrade your PC with a premium mid-tower case that balances style, airflow, and functionality.

Performance tier: Premium

Uses: Gaming PC builds, high-performance computing, overclocking setups, custom PC assembly, enthusiast rigs

Overview:

C1-R Premium White Mid-Tower ATX Case
C1-R introduces a new level of style and performance for PC enthusiasts. This premium mid-tower ATX case combines a sleek, modern design with robust build quality and powerful cooling capabilities right out of the box. Designed for gamers and high-performance builders, the C1-R ensures excellent airflow, effortless cable management, and compatibility with a wide range of high-end components.

Description:

The C1-R comes equipped with four pre-installed 120mm PWM ARGB fans, optimized for airflow and thermal efficiency. It supports GPUs up to 395mm and CPU coolers up to 166mm, along with top and side liquid cooling radiators up to 360mm. With three 3.5-inch and three 2.5-inch drive bays, seven expansion slots, and convenient I/O ports including USB 3.0, USB Type-C, and HD audio, the case balances functionality and aesthetic appeal. The one-piece L-shaped metal panel and fine mesh design enhance airflow, while backward-facing motherboard connectors and a redesigned top cooling bracket provide clean, organized cable management.

Features:

Enhanced Cooling Performance
C1-R delivers exceptional cooling from the start. Its premium APNX FP1 fans, available on select models, feature PWM and ARGB control with 30mm thickness for higher airflow compared to standard 25mm fans. The case supports up to eleven fans, providing ample ventilation for the most demanding builds. Users can achieve optimized thermal performance while maintaining quiet operation thanks to PWM fan control.

Flexible Liquid Cooling Support
For liquid cooling enthusiasts, C1-R supports dual radiators up to 360mm, offering ample space for AIO or DIY liquid cooling setups. This ensures your system remains cool during intensive gaming sessions or heavy workloads while keeping the interior visually clean and organized.

Room for High-End Components
The C1-R can house the latest high-performance GPUs and CPU coolers without compromising airflow. Its spacious interior accommodates large components, making it ideal for gamers and PC builders seeking both style and functionality.

Sophisticated Design and Craftsmanship
Every detail of the C1-R reflects meticulous design. Sleek lines, premium finishes, and elegant detailing create a striking appearance, while practical design elements like quick-release panels simplify installation and maintenance. An ultra-fine nylon mesh dust filter protects components from debris, reducing cleaning needs and prolonging hardware life.

Smart Cable Management
With backward-facing motherboard connectors and a redesigned top cooling bracket, the C1-R keeps cables neatly out of sight. This streamlined design enhances airflow and contributes to a clean, professional-looking build.

User-Friendly Installation
The case is built for convenience, featuring removable panels and an easily detachable top bracket, simplifying cooler installation and interior access. This thoughtful design ensures a smooth building experience for both new and experienced users.

Specifications	
Product Code	C1-R-WT-v1
Model	C1-R-BK-v1, C1-R-WT-v1, C1-R-CF-v1, C1-R-BK-v3, C1-R-WT-v3, C1-R-CF-v3
Case Type	Mid Tower
Colors	Black, White, ChromaFlair
Body Material	SGCC
Front Panel Material	SECC
Steel Thickness	0.8mm
Motherboards	ATX/Micro ATX/mini-ITX
Case Dimensions (Internal)	230 x 477 x 440 mm (W x H x D)
Case Dimensions (Overall)	230 x 502 x 464 mm (W x H x D)
3.5" Drive Bays	3 Max. (3 x 3.5"/2.5")
2.5" Drive Bays	3 Max. (3 x 2.5"/3.5")
Expansion Slots	7
GPU Clearance	Supports GPU up to 395mm
CPU Cooler Clearance	Supports CPU cooler up to 166mm
Air Cooling	Front: 120mm x 3 or 140mm x 3 (Max.)
	(C1-R-BK-v1 / C1-R-WT-v1 / C1-R-CF-v1 : 120mm PWM ARGB Fan x 3 included , C1-R-BK-v3 / C1-R-WT-v3 / C1-R-CF-v3 120mm PWM Fan x 3 included)
	Top: 120mm x 3 or 140mm x 2 (Max.)
	Side: 120mm x 3 (Max.)
	Rear: 120mm x 1 (Max.)
	(C1-R-BK-v1 / C1-R-WT-v1 / C1-R-CF-v1: 120mm PWM ARGB Fan x 1 included , C1-R-BK-v3 / C1-R-WT-v3 / C1-R-CF-v3 120mm PWM Fan x 1 included)
	CPU: 120mm x 1 (Max.)
Liquid Cooling	Top: 120/240/280/360mm Radiator (Optional)
	Side: 120/240/360mm Radiator (Optional)
	Rear: 120mm Radiator (Optional)
I/O Ports	USB3.0 x 2 , USB C x 1 , HD Audio & Mic.
Internal Cable Management Depth	40mm
Power Supply	ATX PSU (Including cables, up to 270mm) (Optional)
