Product Overview

Epson SureColor SC-P800 Large Format Printer, 17 " (43.2 cm), 9 Ink Cartridges, 2.880 x 1.440 dpi, Touchscreen, Auto Sheet Feeder, Borderless print, Fine Art Paper Path, Manual duplex, Roll Paper, Thick Media Support

Specifications

Overview:

Epson's new SC-P800 opens the door to a new generation of professional photo printers. Experience more printing flexibility than ever before and expand your creative capabilities with this superior-quality, feature-rich printer. With its slim and elegant design, the SC-P800 sets a new standard for A2+ photo printers and means it complements any professional workspace. The SC-P800 is the perfect tool for your professional printing needs. Whether you are a photographer, artist, agency or architectural office, the SC-P800 will produce professional-quality prints guaranteed to impress your clients.

Features:

- Nine-colour UltraChrome HD inks: Exceptional quality colour images with deep blacks and rich tones
- Roll paper option: Print panoramic photos on formats such as banners and gallery wrap canvas
- Wi-Fi Direct and Epson Connect: Easy to connect wirelessly and over the Cloud
- Large colour 2.7 inch touch screen: Easily set up and monitoring without the need for a PC
- Large 80ml ink cartridges: Ideal for large print runs of professional-quality photo prints

Create quality, fine art prints for a museum or gallery

Whether printing on glossy or matte photo paper, canvas or thicker materials, the SC-P800 will display your photos in the best possible way to help you wow visitors.

Produce stunning, high-quality and true-to-life photographs

Ensure your photos perfectly capture the beauty of the moment. Accurately reproduce vivid colours and rich deep blacks to bring your photographs to life.

Impress your clients

Breathe life into your important client presentations and produce exceptionally clear blueprints and renderings. Whether you need large-scale architectural plans or small scale building drafts, the SC-P800 can handle a range of jobs and is the ideal addition to any office.

Stay connected with the right tool for your agency

Ideal for on-the-go agencies, Wi-Fi printing means you don't have to be sat at a computer to produce high-quality documents and presentations. With the SC-P800's mobile connectivity options and an internet connection, you can print a range of important documents and photos from almost anywhere in the world at the touch of a button.

Breathe colour into your prints

Epson's nine-colour UltraChrome HD ink-set with Vivid Magenta delivers vivid colours and deep, rich blacks to bring your pictures to life.

Reduced bronzing

Create more accurate-looking colours by eliminating bronzing on glossy paper.

Capture the densest black

Discover the deepest blacks and create prints with a rich and ultra-smooth tonal gradation.

The next generation of professional-quality pigment inks

Epson's UltraChrome inks are developed for the latest generation of Epson's professional inkjet printers and represent a significant advance in today's print technology. Designed to print on a wide variety of media, they deliver dense pigments and produce a wide gamut of colours and deeper blacks. Your prints will also be long lasting thanks to outstanding lightfastness.

Professional-quality prints on non-standard formats with roll paper option

It's not just with printing on standard formats where this printer excels. The SC-P800 is the only A2+ printer on the market that offers a roll paper option¹. This enables you to print colourful banners, panoramic images and gallery wrap canvas or other non-standard formats within seconds.

Stay connected everywhere

A powerful wireless interface means you're no longer bound by cords, cables and wires. Make the most of being able to connect to your printer from anywhere, all from your smartphone, tablet or PC - giving you even more flexibility and freedom whilst you work. Quickly and easily connect to Wi-Fi using the printer's automatic Wi-Fi set up. Take advantage of Epson Connect and discover true mobile printing from the lab, office and anywhere across the world. For printing over the web, the SC-P800 also supports Google Cloud Print. If you are an Apple user, you can use Apple AirPrint to print directly to your SC-P800 from your iOS device.

Professional and efficient

The SC-P800 is designed to be the most versatile printer in your office or studio. It is the smallest A2+ printer on the market¹ and with the optional paper roll and the wireless connection technology it can be adapted to your specific printing needs and will perform perfectly every time.

Produce great results on any media

Whether printing on glossy or matt paper or even canvas, the SC-P800 will always deliver the great results you can expect from a professional printer.

Keep control

A large 2.7-inch touch control panel means you have all the information you need about the status of the printer as well as important print jobs at your fingertips.

Smart design - outstanding performance

The elegant and slim design of the SC-P800 means the printer gives a professional look to any workspace and integrates well where space might be an issue.
