Overview:

Antec Connect 120 ARGB PWM Fan 3 Pack - White

The Antec Connect 120 ARGB PWM Fan 3-pack offers a sleek and efficient cooling solution with streamlined installation and advanced design features. Its innovative interlocking system allows you to mount multiple fans with fewer screws, creating a cleaner and more organized setup. The daisy chain design reduces cable clutter, simplifying connections and ensuring a hassle-free installation process. With dynamic ARGB lighting that seamlessly syncs with your motherboard, these fans bring a vibrant and customizable aesthetic to your system.

Engineered for performance, the fan blade design optimizes airflow and enhances air intake for smoother operation. Each fan operates quietly, delivering strong and stable airflow with a maximum noise level of just 28 dB(A). Enlarged anti-vibration pads further minimize noise and vibration, ensuring a silent and stable cooling experience for your PC.

The Connect 120 fans are equipped with an extendable 3-pin daisy-chain ARGB connector, making it easier than ever to integrate stunning lighting effects across your system. The hydraulic bearing construction enhances durability, ensuring a lifespan of up to 30,000 hours. Additionally, the fans are designed with a clear focus on user convenience.

This 3-pack of 120mm ARGB PWM fans is an ideal choice for those seeking efficient cooling, intuitive installation, and a visually appealing setup. Whether you're building a gaming rig or upgrading your system, the Antec Connect 120 fans provide a perfect combination of functionality, aesthetics, and ease of use.
