Overview:

Epson T05A1 Black XL Ink Supply Unit for High-Volume Printing

Epson T05A1 Black XL Ink Supply Unit is designed for professional environments that demand reliable, high-volume printing. Compatible with WorkForce Pro WF-C878r and WF-C879r A3 Colour Multifunction printers, this ink unit delivers consistent performance and sharp results.

Description

This XL ink supply unit offers a 20,000-page yield, making it ideal for businesses and offices that require long-lasting, cost-efficient printing. It uses DURABrite Pro pigment ink to produce crisp text and vibrant colors at fast speeds, ensuring professional-quality output while reducing the need for frequent replacements.

Features:**High-Volume Printing for Businesses**

The T05A1 Black XL ink unit supports large print workloads without compromising quality. Its high-yield design ensures fewer interruptions, letting your office maintain productivity even during demanding printing tasks.

Reliable Performance with DURABrite Pro Ink

Epsons DURABrite Pro pigment ink is engineered for sharp text and vibrant color output. Its fast-drying formula helps prevent smudges and allows for immediate handling, making it suitable for reports, presentations, and professional documents.

Compatibility and Ease of Use

Specifically designed for the WorkForce Pro WF-C878r and WF-C879r A3 Colour Multifunction printers, the T05A1 ink unit installs easily and integrates seamlessly with existing printing workflows.

Cost-Effective Printing Solution

With a 20,000-page yield, this XL ink unit reduces overall printing costs by minimizing replacements. It is an efficient choice for offices looking to combine quality, speed, and value.
