Overview:

Antec C5 ARGB ATX DUAL Mid Tower Gaming Chassis - Black

The Antec C5 ARGB ATX DUAL Mid Tower Gaming Chassis offers a sleek and innovative design, perfect for gamers and PC enthusiasts seeking high performance and aesthetics. The chassis features a 270 degrees full-view tempered glass panel with a seamless 45 degrees beveling technique, providing a stunning panoramic view of your components. A stylish ARGB lighting strip decorates the tool-free front panel, adding a sophisticated flair to your gaming setup. With its dual-chamber design and 95mm cable management space, the C5 ARGB ensures independent cooling and a clean, organized interior, supporting next-gen back-connect motherboards for a streamlined build.

Designed for exceptional airflow, the C5 ARGB supports a vertical cooling scheme with up to 10 fans, including 7 pre-installed ARGB PWM fans strategically placed on the bottom, side, and rear for powerful cooling performance. The case accommodates simultaneous installation of top and bottom 360mm radiators and a side 280mm radiator, accelerating heat dissipation with a bottom-to-top vertical airflow system. Magnetic dust filters on the top and bottom ensure clean air intake, making maintenance hassle-free. The removable hard drive cage and flexible drive configurations provide space for multiple storage options without compromising airflow.

The Antec C5 ARGB is engineered to meet the demands of modern PC builds with generous space for hardware and thoughtful design features. It supports GPUs up to 410mm and CPU coolers up to 160mm, offering compatibility with high-performance components. Front access includes a Type-C 3.2 Gen 2 port, dual USB 3.0 ports, and audio jacks for enhanced connectivity. Combining style, innovation, and functionality, the C5 ARGB is a versatile chassis that meets the needs of gamers and creators alike.
