HP ProDisplay P201 20" LED Monitor

Product Overview

HP P201 20" LED Monitor, 3000000:1 contrast ratio & 1 DVI Port, 1600 x 900 Resolution

Specifications

Overview

Keep up the good work with solid performance, a stylish design, and environmental features all at an attractive price point with the HP ProDisplay P201 20-inch LED Backlit Monitor. Efficiently grow and maintain your business with proven HP quality and reliability, stable lifecycles, HP accessory compatibility, and energy savings. Do more throughout the day and help save more throughout the quarter with a monitor that goes the distance.

Features

Essential business features

- Support your business needs wherever you need a solid performing monitor at a competitive price with a 20-inch diagonal LED business display.
- See the difference with an LED display for vibrant text and graphics presentation. LED technology also makes your display thin, light, and easy to position on the desk.
- Deliver clear views for single and multiple users with wide viewing angles. High contrast ratios and fast response times keep your content crisp and readable throughout the day.1
- Work comfortably with up to 30 degrees of tilt on the adjustable design, and easily connect to devices with convenient VGA and DVI inputs. The internal power supply minimizes clutter on the desktop and simplifies setup and deployment.

Compatibility with HP accessories

- Customize your work space with options like the HP Speaker Bar and HP USB Graphics Adapter (accessories sold separately).
- The 100-mm standard VESA pattern allows mounting on the HP Integrated Work Center Stand (USDT/Thin Client), HP Quick Release, and other VESA-compatible accessories (accessories sold separately).

Stability now, and peace of mind for the future

- Maintain product consistency across staggered deployments, ease transitions and help reduce support costs with a minimum one-year lifecycle stability commitment from HP.

- Support identical installations and unify your operations worldwide with globally consistent products in over 145 countries.
- Get improved reliability and peace of mind from HP quality standard testing that puts our monitors through their paces before you do.

Smart software for the multi-tasker

- HP Display Assistant consolidates monitor setting controls into one easy-to-use, centralized interface.
- Customize your workspace with resizable screen partitions that let you work on a document in one partition, refer to a spreadsheet in another, and check e-mails3 in another-at the same time.
- Use the new expanded toolbar to view the applications you're using across all of your connected displays.

Energy efficient, environmentally aware

- Mercury-Free display backlighting, a low halogen design4, and arsenic-free display glass5 are just a few of the environmental features built into this display.
- Help maximize your investment with award-winning eco-certifications, including ENERGY STAR, EPEAT Gold6 and TCO.
