Specifications

About this product

The j5create JUCX09 USB Type-C to USB 2.0 Micro-B Cable is a reliable 1.8m connectivity solution for charging and syncing compatible Micro USB devices from a USB Type-C enabled computer, charger, or mobile device. Featuring a reversible USB Type-C connector, support for up to 3A charging, and USB 2.0 data transfer speeds of up to 480Mbps, this durable retail packaged cable is ideal for everyday use. Buy now from our website for fast delivery in South Africa.

Overview Summary

j5create JUCX09 USB Type-C to USB 2.0 Micro-B Cable 1.8m

The j5create JUCX09 connects USB Type-C devices to products that use a USB 2.0 Micro-B connector. The reversible USB Type-C connector makes connecting quick and easy while providing dependable charging and data transfer for compatible devices.

ComX Computers

Product Specification Sheet

Supporting transfer speeds of up to 480Mbps and charging up to 3A, this cable is suitable for smartphones, tablets, GPS units, cameras, power banks, Bluetooth accessories, and other Micro USB devices. Its 1.8m cable length provides extra flexibility for use at home, in the office, or while travelling.

Performance tier:Everyday Connectivity

Uses:Charging Micro USB devices, data synchronization, connecting USB Type-C laptops, connecting USB Type-C chargers, mobile accessories, cameras, GPS devices, power banks

Overview

The JUCX02 USB 3.1 to USB Type-C(TM) cable is powerful and reversible so there is no wrong way to plug it in. The USB Type-C(TM) cable supports USB(TM) 3.1 with speeds up to 10 Gbps and an output of 20V (100W) and 5A. The USB Type-C(TM) cable will significantly cut down on the amount of wires needed to make devices work. The USB Type-C(TM) cable is also backwards compatible with USB(TM) 3.0 and USB(TM) 2.0 devices. j5create's USB Type-C(TM) devices are designed to work with existing USB(TM) devices.

Description

The j5create JUCX09 is designed for users who need a dependable connection between modern USB Type-C devices and legacy Micro USB equipment. The reversible USB Type-C connector eliminates the frustration of incorrect insertion while providing a secure and reliable connection.

Ideal for charging and synchronizing compatible devices, the cable supports USB 2.0 transfer speeds of up to 480Mbps together with charging currents up to 3A. The generous 1.8m cable length allows greater flexibility when connecting devices at desks, workstations, charging stations, or while travelling. Built with durable materials and supplied in retail packaging, the JUCX09 is suitable for both home and professional environments.
