Canon i-SENSYS LBP6200d - 25ppm, 250 Sheet paper tray, 2400 x 600dpi with AIR, FPOT 6sec, 2W in Sleep mode, Windows 2000, Server 2003, XP, Vista, Mac & Linux web distribution Only, CRG 726 Starter

Specifications

Overview:

With automatic double-sided printing, this compact laser printer is a great addition to the home or small office. Benefit from maintenance free prints and a host of energy and time-saving features.

Features:

Compact and space saving

This space saving, affordable mono laser printer is perfect for personal use - at home or in a small office. It features automatic double-sided printing capability but is still incredibly compact, fitting comfortably on even the smallest desk.

Productive performance

Take advantage of impressive laser print speeds of 25 ppm. Canon's Quick First-Print technologies ensure quick recovery from sleep mode and the device has a fast warm-up time of just 10 seconds from power on. And with a First Print Out Time of just 6 seconds, deadlines will never be missed again.

Automatic double-sided printing

Add an extra level of professionalism by automatically printing on both sides of a document - and save paper at the same time.

Exceptional laser quality

Deliver the sharpest, crispest text and most detailed graphics thanks to a print resolution of up to 2400 x 600 dpi with Automatic Image Refinement. Our MS (Magnetic Spherical) Toner has been specifically developed to deliver the optimum results print after print.

Efficient and quiet

This energy efficient printer uses only 1.4 watts in sleep mode. A convenient front power switch makes it easy to turn off, cutting energy costs even further. Thanks to the fan-less engine design, the i-SENSYS LBP6200d is silent in standby and exceptionally quiet during operation - so you can focus on your work without intrusion.
