CB-POWER UK

RCT UK plug to IEC C13 Power cable

Product Overview

RCT UK plug to IEC C13 Power cable

Specifications

About this product

High quality RCT UK plug to IEC C13 power cable for computers, monitors, printers and other IEC C13 compatible devices in South Africa. This durable power cord delivers reliable mains power with a UK 3 pin plug and IEC C13 connector. Buy now from our site for secure and stable power delivery and quick delivery in South Africa.

Overview Summary

The RCT UK plug to IEC C13 Power cable is a mains lead designed to connect IEC C13 compatible equipment to standard UK 3 pin wall outlets. It is ideal for powering desktop computers, monitors, printers, scanners, UPS units and other electrical devices that use a standard IEC C13 inlet. Built with safety and durability in mind, this cable meets necessary electrical standards and provides secure power transmission for home, office and commercial use.

Performance tier: Standard power cable tier

Uses: Desktop PC power, monitor power, printer power, UPS connection, office equipment power

Description

The RCT UK plug to IEC C13 Power cable is engineered to deliver reliable mains power from a UK style 3 pin socket to any device featuring a standard IEC C13 inlet. The UK plug is grounded and fused for safety, while the IEC C13 connector fits securely into a wide range of compatible devices. The cable is constructed with flexible insulation and robust conductors to withstand daily bends and use in both home and professional settings. This power lead is ideal for IT setups, office environments, and any application requiring a dependable connection between the power outlet and your equipment.

Features

Key features and benefits of the RCT UK plug to IEC C13 Power cable include:

- UK 3 pin plug with earth pin for safe and grounded connection.

- IEC C13 connector compatible with a wide range of devices.
- Durable construction for long term use in offices and homes.
- Flexible cable insulation for easy routing and reduced strain.
- Reliable power delivery for computers, monitors and printers.

What's in the Box

- 1 x RCT UK plug to IEC C13 Power cable

Specifications

- Cable type: UK 3 pin to IEC C13 power lead
- Connector A: UK 3 pin plug (BS1363)
- Connector B: IEC C13 female
- Compatibility: IEC C13 inlet devices
- Color: Black
- Cable length: 1.8 metres
- Rated voltage: 250 VAC
- Rated current: 10 A
- Standards: BS1363 UK plug, IEC specifications

FAQ

What devices can I use with this UK to IEC C13 power cable?

You can use this cable to power desktop PCs, monitors, printers, UPS units and other devices that have a standard IEC C13 inlet and are used with UK mains sockets.

Is the RCT UK to IEC C13 cable safe for daily use?

Yes, the cable is designed with a grounded UK 3 pin plug and meets applicable safety standards to provide safe and reliable power delivery in home, office and commercial environments.

What lengths are available for this power lead?

This product is offered in a standard 1.8 metre length suitable for connecting equipment to nearby power outlets. Other lengths may be available separately.

Can this cable be used with a UPS?

Yes, this power cable is fully compatible with UPS units and can be used to connect the UPS output to devices with an IEC C13 inlet.

Does this cable support high power devices?

The cable is rated for up to 10 A at 250 VAC, making it suitable for most standard IT and office equipment that use an IEC C13 power connection.
