Corsair Frame 4000D LCD RS ARGB Premium Mid-Tower EATX PC Case - Black

Product Overview

Corsair Frame 4000D LCD RS ARGB Premium Mid-Tower eATX PC Case - Black, Includes 4x RS120 PWM ARGB fans, Tempered Glass Case Window, 2 internal 3.5" Drive bays, 4 internal 2.5" Drive bays, 170mm Maximum CPU Cooler height, 220mm Maximum PSU length, 430mm Maximum GPU length, Case front IO - 1x USB 3.2 Gen 2 Type-C / (2x) USB 3.2 Gen 1 Type-C / (1x) Audio In/Out, 7 horizontal or 3 Vertical Case Expansion slots, Reverse Connector Motherboard support, 37mm cable routing Space, Xeneon Edge 14.5" Touchscreen display

Specifications

Overview Summary:

Corsair FRAME 4000D LCD RS ARGB is a premium mid-tower eATX PC case designed for high-performance gaming and enthusiast builds in South Africa. It features a built-in 14.5-inch Xeneon Edge touchscreen display, four RS120 PWM ARGB fans, and a refined airflow-focused chassis for efficient cooling and system stability.

With support for large GPUs, advanced liquid cooling setups, and reverse-connector motherboards, this case is built for modern, clean, and powerful PC configurations. Its tempered glass side panel and integrated cable management system make it ideal for showcasing high-end components while maintaining a tidy internal layout. Buy now or shop now to upgrade your build with a premium chassis engineered for performance and visual impact.

Performance tier:Premium Enthusiast

Uses:High-end gaming builds, custom water cooling systems, workstation PCs, RGB showcase builds, content creation rigs, airflow-optimized PC builds

Overview:

Corsair FRAME 4000D LCD RS ARGB Mid-Tower PC Case Review and Product Details

The Corsair FRAME 4000D LCD RS ARGB is a premium mid-tower PC case engineered for gamers, enthusiasts, and high-performance PC builders who want advanced airflow, modern connectivity, and standout visual design in one chassis. Equipped with a factory-installed XENEON EDGE 14.5-inch touchscreen display and four RS120 PWM ARGB fans, this case combines functionality with a highly customizable aesthetic suitable for modern gaming setups and creator workstations.

Description:

The Corsair FRAME 4000D LCD RS ARGB premium PC case delivers exceptional cooling flexibility, a sleek tempered glass design, and an integrated 14.5-inch LCD touchscreen for real-time system monitoring and personalization. Designed for high-end gaming and workstation builds, it supports large graphics cards, extensive radiator configurations, reverse connector motherboards, and advanced cable management for a cleaner, more efficient build experience.

Features:

Designed for Modern Gaming Builds

Corsair has built the FRAME 4000D LCD RS ARGB around airflow efficiency and builder convenience. The chassis includes four pre-installed RS120 PWM ARGB fans, consisting of three intake fans and one exhaust fan, providing balanced airflow

straight out of the box while maintaining low noise levels.

The tempered glass side panel gives builders a clear showcase view of internal hardware and RGB lighting, making the system ideal for gaming setups focused on both performance and presentation.

Part Number / SKU: CC-9011326-WW

Integrated 14.5-Inch LCD Touchscreen

One of the standout additions to this model is the built-in XENEON EDGE 14.5-inch touchscreen display. Positioned directly into the case design, the screen allows users to display:

- Real-time system monitoring
- Weather widgets
- Calendars and productivity tools
- Streaming chats
- Custom media and wallpapers
- Hardware statistics and temperatures

The display transforms the chassis into a more interactive and personalized centerpiece for any battlestation.

Advanced Cooling Layout and Airflow Design

The FRAME 4000D LCD RS ARGB is engineered for extensive cooling flexibility. Corsair's InfiniRail fan mounting system allows users to adjust fan positioning freely between 120mm and 140mm mounting locations for optimized airflow targeting.

Cooling support includes:

- Up to 13x 120mm fans
- Dual 360mm radiator compatibility
- Front, roof, and side radiator mounting positions
- Additional bottom-mounted 120mm or 140mm fan support
- Included RS120 PWM ARGB cooling fans

This layout makes the chassis highly suitable for overclocked gaming systems, high-core-count CPUs, and high-end GPUs.

Clean Cable Management and Reverse Connector Support

Cable management is a major focus in the FRAME 4000D LCD RS ARGB. The chassis offers 37mm of dedicated cable routing space, integrated tie-down points, and a cable shroud to keep excess wiring hidden for a cleaner interior appearance.

The case also supports reverse connector motherboard layouts, including compatibility with:

- ASUS BTF
- MSI Project Zero
- GIGABYTE Project Stealth

This helps minimize visible cabling and improves internal airflow efficiency.

Front I/O Connectivity for High-Speed Devices

Corsair includes a modern front I/O configuration designed for current-generation peripherals and storage devices.

Front connectivity includes:

- 1x USB 3.2 Gen 2x2 Type-C port
- 2x USB 3.2 Gen 1 Type-C ports
- 1x combined audio and microphone jack

ComX Computers

Product Specification Sheet

- Dedicated power button

The inclusion of three USB Type-C ports makes the case especially convenient for creators, streamers, and users with modern accessories.

Interior Space and Hardware Compatibility

The Corsair FRAME 4000D LCD RS ARGB provides generous internal clearance for modern high-performance components.

Hardware support includes:

- Maximum GPU length: 430mm
- Maximum CPU cooler height: 170mm
- Maximum PSU length: 220mm
- 7 horizontal expansion slots
- 3 vertical expansion slots
- 2x internal 3.5-inch drive bays
- 4x internal 2.5-inch drive bays

The included GPU anti-sag stabilization arm helps protect heavy graphics cards and prevents strain on PCIe slots during long-term use.

Built for Enthusiasts and Creators

From its touchscreen integration to its airflow-focused structure, the Corsair FRAME 4000D LCD RS ARGB is designed for users building premium gaming PCs or creator workstations. The combination of cooling flexibility, modern USB Type-C connectivity, reverse motherboard support, and clean cable routing makes it one of the more forward-looking mid-tower chassis options available.

Whether paired with custom liquid cooling or a high-airflow gaming configuration, the FRAME 4000D LCD RS ARGB delivers a balanced blend of aesthetics, functionality, and upgrade flexibility.

Specifications	
Product Code	CC-9011326-WW
Case Supported	Mini-ITX , MicroATX , ATX , E-ATX (305mm x 277mm)
Case Height	486mm
Case Length	490mm
Case Width	239mm
Material	Steel, Tempered Glass, 3D-Y Airflow Steel, Plastic
Color	WHITE
Case Size	Mid-Tower
Radiator Compatibility	120mm, 140mm, 240mm, 280mm, 360mm
Case Window	Tempered Glass

ComX Computers

Product Specification Sheet

Compatible Liquid Coolers	H60, H100, H115, H150, NAUTILUS, TITAN
Internal 3.5" Drive Bays	2
Internal 2.5" Drive Bays	4
Maximum CPU Cooler Height	170mm
Maximum PSU Length	220mm
Case Front IO	(1x) USB 3.2 Gen 2 Type-C, (2x) USB 3.2 Gen 1 Type-C, (1x) Audio in/out
Maximum GPU Length	430mm
Weight	12.36kg
Case Expansion Slots	7 Horizontal or 3 Vertical
Case Power Supply	ATX
Radiator Support - Top	360mm, 280mm, 240mm
Radiator Support - Front	360mm, 280mm, 240mm
Radiator Support - Bottom	None
Radiator Support - Side	360mm, 280mm, 240mm
Radiator Support - Rear	140mm, 120mm
Fan Support - Top	3x 120mm, 2x 140mm
Fan Support - Front	3x 120mm, 2x 140mm, 2x 200mm
Fan Support - Bottom	3x 120mm
Fan Support - Side	3x 120mm, 2x 140mm
Fan Support - Rear	1x 120mm, 1x 140mm
Front IO Motherboard Connections	1x HD Audio , 1x USB 3.2 Gen1 , 1x USB-3.2 Gen2 Type-E , 1x F_PANEL
Reverse Connector Motherboard Support	Yes
Included Fans	RS Series
Dust Filtration	Yes
Cable Routing Space	37mm
RapidRoute Included	No
Left Side Panel	Tempered Glass
Right Side Panel	Steel
Vertical Mount Support	Supported (Riser Card Sold Separately)
