Overview Summary

HP 650A Cyan Original LaserJet Toner Cartridge - CE271A

The HP 650A Cyan LaserJet Toner Cartridge is engineered for high quality colour printing in demanding office environments. Using HP ColorSphere toner technology, this genuine HP cartridge produces vibrant cyan colours, smooth gradients, and professional print consistency across presentations, reports, brochures, and graphics.

Designed for compatibility with selected HP Color LaserJet Enterprise printers, the CE271A cartridge supports reliable long-volume printing while helping reduce interruptions and reprints. Its approximate yield of 15000 pages makes it suitable for medium to high volume office printing requirements.

Performance tier: Professional business printing

Uses: Office printing, business documents, marketing materials, presentations, colour graphics, enterprise printing

Description

The HP CE271A 650A Cyan Original LaserJet Toner Cartridge is built for businesses and professional users who require dependable colour printing with sharp output and consistent performance. Manufactured by HP for compatibility with selected HP Color LaserJet Enterprise printers, this toner cartridge helps produce professional quality documents suitable for presentations, proposals, reports, and marketing applications.

HP ColorSphere toner technology helps deliver vibrant cyan colour reproduction with smooth image quality and crisp detail. The cartridge is designed to work seamlessly with compatible HP laser printers to maintain stable print quality while reducing printer downtime and wasted prints.

With an estimated page yield of approximately 15000 pages based on ISO standards, the HP 650A Cyan toner cartridge is suitable for medium and high volume office printing environments. The genuine HP design also supports efficient installation and reliable operation throughout the cartridge life cycle.
