Corsair Carbide series spec-03 ATX PC Chassis with Windowed side panel and 2x Orange LED fan

Product Overview

Corsair CC-9011054-WW Carbide Series spec-03 + Windowed side panel with 2x Orange LED fan, No psu (bottom placed psu design), all black, support up to 426mm graphics card; 2x USB 3.0 + audio in/out - 2x 5.25", 3x 3.5" + 2x 2.5" hidden - 2x 120mm Orange led fan + 1x120mm up to 6 - ATX

Specifications

Overview:

Carbide Series SPEC-03 has an extremely aggressive, game-oriented design and superior air cooling for your high-performance GPUs. The cleverly designed interior allows for the included LED-lit front intake fan to draw cold air directly to your graphics cards, and there's room for up to six fans for massive cooling potential. There's a huge windowed side panel that lets you admire your work, and the cable routing system and dust filters help you build a clean system and keep it clean, too. Tool-free installation of up to three 3.5" hard drives and two solid-state drives make it easy to add and upgrade storage. And, it's easy to live with, too -- the dual front panel USB 3.0 ports let you take advantage of the latest high-speed storage devices.

Features:

Huge side panel window
The aggressive look of the SPEC-03 makes it look great on the outside, but there's beauty on the inside of a well-built system, too. The large side panel window lets you show it off.

LED front intake fan, with room for more
The 120mm front intake fan is bathed in soft LED lighting, and it's oriented to draw cool air directly across your graphics cards. And if you want even more ventilation, you can add a second 120mm fan or even dual 140mm fans.

Flexible cooling potential
Like all Corsair cases, the SPEC-03 is designed for cooling, so you're covered if you're overclocking, running multiple GPUs, or if you just want more airflow. There are mounting points for up to six fans, including dual front 140mm or 120mm fans, dual 120mm fans on top, a bottom-mounted 120mm fan, and a rear 120mm fan.

Multiple drive bays
In addition to the two standard 5.25" optical drive bays, there are three 3.5" hard drive bays and two 2.5" solid-state drive bays.

Easy system builds, maintenance and upgrades
Builds should be easy, no matter what your budget. Drive installation is tool-free, and you get cable routing holes for neater-looking builds and better airflow. And, there's a CPU cutout to allow for cooling upgrades without removing the motherboard. The front intake fan filters help keep dust out of the interior, and the front panel has dual USB 3.0 ports for fast performance from USB flash drives and portable hard drives.

Compatibility:

- Mini ITX, Micro ATX, ATX motherboards

Specifications	
Product Code	CH-C03W2o
Weight	5.65kg
Color	Black
Case Form Factor	Mid-tower

Dimensions	493mm x 215mm x 426mm
Case Motherboard Support	Mini ITX, Micro ATX, ATX
Maximum GPU Length	420mm
Maximum CPU Cooler Height	157mm
Maximum PSU Length	288mm
Case Expansion Slots	7
Case Drive Bays	(x2) 5.25in
	(x3) 3.5in
	(x2) 2.5in
Case Power Supply	ATX (not included)
External Connections	(x1) USB 2.0
	(x1) USB 3.0
	(x1) Headphone Port
	(x1) Microphone Port
Fan Mount Locations	Front: (x2) 120 / 140mm
	Top: (x2) 120mm
	Rear: (x1) 120mm
	Bottom: (x1) 120mm
Fans Included	Front: (x1) 120mm
	Rear: (x1) 120mm
Radiator Mount Locations	Rear: 120mm
Compatible Corsair Liquid Coolers	H55, H60, H75, H80
