Specifications

Features:

Sharp Exterior Pinstripe Design

The 103 produces gamer vibes with its pinstripe design and sharp exterior. It's an opportunity to feel your own style and build a stunning rig.

Address Your Lighting

The InWin logo radiates with addressable RGB lighting effects. It's controlled and synced with your motherboard software to customize your PC.

Accelerated Tool-less Glass Design

The 103's tempered glass side panel can be easily removed by pulling the tabs and lifting up. The tinted glass with pinstripe design enhances your system's visual appearance, and allows users to admire their builds inside and out.

Stay Cool!

The 103 supports up to 6 fans and can accommodate radiators at the rear, side and bottom. This extremely flexible interior structure allows the users to have optimal cooling performance.

It's the Little Things that Matter

To provide the most user-friendly environment and the highest quality for our users, we've included the following:

- Two 2.5" SSD mounts in the back of motherboard tray
- Supports 3.5"/2.5" HDD trays
- Extra graphics cards support holder
- Quick removal dust filter

Tactical Thermal Treatment

The top PSU chamber makes the system cleaner and creates an ideal area for better airflow without interfering with the motherboard and graphics card.
