Specifications

Features:

Window to the PC World
The 3-Series possesses 1.2 mm of SECC steel. The edge-to-edge tempered glass panel reveals the hardware within the heavily protected structure.

Toolless
Using the 2-in-1 push button to release the tempered glass panel quickly and lock your PC too.

Refreshed with Mesh
The 327's perforated front mesh panel, honeycomb side panel, and bottom vents supply premium airflow. Three Luna AL120 case fans come preinstalled. Up to five fans can be installed to cool the most demanding systems.

The Bantam Case
This compact chassis is capable of housing high-end components to suit the user's needs.

Cooling
The 327 supports up to a 240 mm radiator at the front, a 120 mm radiator at the rear, and two 120 mm fans at the bottom.

Sync Lighting Effects
The front panel of the 327 features a subtle ARGB InWin logo to give the system a modest pop of color. The system LEDs can be synced together by the motherboard.

Super Transfer Speeds
The 327 is equipped with one USB 3.2 Gen 2X2 Type-C USB port and two USB 3.2 Gen 1 Type-A ports for faster data

transfer speeds.
