Thermaltake Pacific Hard Tube Bending Kit

Product Overview

Thermaltake Pacific Hard Tube Bending Kit, Bender kit designed for ID 1/2" (12mm) x OD 5/8" (16mm) hard tube, including mandrels, cord, reamer, and cutter.

Specifications

Overview:

The new hard tube bending tools offered by Thermaltake are especially designed for ID 12mm x OD 5/8" (16mm) hard tube and provide everything makers needed when considering loop planning. Available in various angles, the laser-marked mandrels are made from solid aluminum and are anodized for maximum durability. In addition, the cutter and reamer guarantee a clean and precise cut by eliminating all the hassles during the modding process.

Features:

Tt LCS

"Tt LCS Certified" is the hallmark that ensures first-class performance from the best features and fitment. A certification exclusive to Thermaltake, it sets the benchmark for all true LCS chassis and is applied only to products that meet our stringent design standards for delivering what hardcore enthusiasts demand. The Tt LCS certification is a way for Thermaltake to designate to all power users the chassis which have been tested for best compatibility with extreme liquid cooling configurations.

Various Mandrels for Stylish Bending

Made from solid aluminum and anodized for maximum durability, the mandrels feature polished center line channels that help to maintain the tubes' round shapes while bending. Bending angles can be chosen from 45 degrees, 90 degrees, 180 degrees, and 360 degrees.

Clean and Precise Cut

The cutter can support 1/8" (3 mm) to 1 and 1/4" (32 mm) hard tube and allows users to make perfectly square end cuts. The internal and external reamer is designed to deburr the inner diameter and the outer diameter of the extruded hard tubing. With a silicon cord, kinking is prevented when bending the tube.

Versatile Installation

Designed for ID 12mm x OD 5/8" (16mm) hard tube, the Pacific Hard Tube Bender Kit allows makers to construct aesthetically

ComX Computers

Product Specification Sheet

superior water cooling systems by allocating the tubes and radiators to each particular component and incorporating externally-modular upgrades into their chassis.

Specifications

Product Code	CL-W093-AL00BL-A
P/N	CL-W093-AL00BL-A
Compatibility	ID 12mm OD 5/8"(16mm) hard tube
Material	Mandrels: Aluminum
	Cord: Silicone
	Reamer: Plastic + Steel
Kit Contents	45 degrees & 90 degrees Mandrels x 1
	180 degrees Mandrels x 1
	360 degrees Mandrels x 1
	Cutter x 1
	Silicone cord x 1
	Inside-outside Reamer x 1
