UGreen 1 to 2 HDMI Splitter 4K 30Hz 3D - Black

Product Overview

UGreen 1 to 2 HDMI Splitter 4K 30Hz 3D - Black, 1 Port HDMI Input, 2 Ports HDMI Output, 4K@30Hz Max Resolution, Up to 40m 1080p transmission distance

Specifications

Overview Summary:

The UGreen 1 to 2 HDMI Splitter offers a seamless solution for transmitting a single HDMI input signal to two separate displays. With support for 4K resolution at 30Hz and compatibility with 3D video formats, this splitter delivers crisp, high-quality visuals for presentations, home theaters, and gaming setups. Featuring a long transmission range of up to 40 meters for 1080p content, this reliable device ensures a stable signal even in larger rooms. Powered externally to prevent signal degradation, it's a dependable tool for both professional and home use. Shop now to enjoy high-definition HDMI distribution in any setup!

Performance tier: Mid-range

Uses: Home theater, gaming, business presentations, media sharing, multi-display setups

Overview:

UGreen 1 to 2 HDMI Splitter 4K 30Hz 3D - Black: Share High-Quality HDMI Signal Across Two Screens
The UGreen HDMI splitter is designed to effortlessly mirror one HDMI source to two separate screens, ensuring consistent, high-definition performance across both outputs. Whether you're in a business environment, a home theater setup, or simply need to duplicate a video signal, this splitter offers a reliable and seamless solution for distributing your HDMI content.

Product Summary
The UGreen 1 to 2 HDMI splitter offers a hassle-free solution for sending a single HDMI input signal to two displays simultaneously. With support for 4K resolution at 30Hz and 3D video compatibility, this device guarantees crisp visuals and a smooth viewing experience. Its extended signal range-up to 40 meters for 1080p content-ensures flexibility in setup, while the included external power supply provides consistent and stable signal delivery.

Features:

Key Highlights

- Splits a single HDMI input signal to two identical outputs.
- Supports 4K resolution at 30Hz for sharp, vibrant visuals.
- Compatible with 3D video formats for an immersive experience.
- Extends 1080p transmission up to 40 meters using suitable cable.
- Powered externally to ensure consistent signal strength and reliability.

Why Choose the UGreen HDMI Splitter

This HDMI splitter is perfect for both professionals and home users who need to transmit video signals to two displays. It's ideal for presentations, gaming setups, or home theater configurations. Whether you're streaming content from a computer, console, or another HDMI-compatible device, this splitter ensures both screens receive a clear, uninterrupted signal.

Efficient Video Distribution for Every Setup

The UGreen HDMI splitter guarantees a precise and consistent transmission of your video signal, ensuring that both outputs are mirrored perfectly without loss of quality. Supporting up to 4K at 30Hz, this splitter delivers impressive clarity, making it ideal for high-definition presentations, movies, and gaming.

Optimized Signal Transmission Over Distance

This device is not just about maintaining quality; it also ensures a stable signal over longer distances. With the capability to extend a 1080p signal up to 40 meters, you can easily connect displays even in larger rooms or across different areas without worrying about signal degradation. The UGreen HDMI splitter offers robust performance, even when your displays are placed far apart.

Built for Long-Term Reliability

Designed for continuous use, the UGreen HDMI splitter operates with an external power supply that ensures a stable signal across both outputs. This is especially important in setups where unpowered splitters can often cause flickering or signal drops. With UGreen, you can trust that your HDMI signal will remain strong and consistent, making it an ideal solution for both home and professional environments.

Product Details

- HDMI Version:1.4
- Max Resolution:4K at 30Hz
- Supported Formats:3D & HDCP
- Transmission Distance (1080p):Up to 40 meters with 24AWG cable
- Power Supply:DC 5V 1A (adapter included)
- Input:1 HDMI port
- Output:2 HDMI ports
- Cable Length (Input/Output):20m 24AWG (1080p at 60Hz)

What's in the Box

- 1x UGreen HDMI Splitter (Black, 1x2)
- 1x DC 5V 1A Power Adapter
- 1x User Manual

Why Trust UGreen

UGreen is dedicated to providing high-quality, reliable solutions for all your connectivity needs. We take pride in engineering products that deliver dependable, clear signals, ensuring that your devices and setups work as intended. The UGreen HDMI splitter 1 in 2 out is a testament to our commitment to performance, durability, and customer satisfaction.
