UGreen CM664-15707 4K@60Hz HDMI KVM Switch (2 in 1 out) - Grey

Product Overview

UGreen CM664-15707 4K@60Hz HDMI KVM Switch (2 in 1 out) - Grey, 2 computers to 1 Monitor KVM Configuration, Up to 4K @ 60Hz Video Output Resolution, HDMI 2.0, USB 3.0 Standard, Up to 5Gbps USB Data transfer Speed, 3x USB Type-A, 1x USB Type-C, 2x HDMI Female Input Ports, 1x HDMI Female Output Port, Push Button & Desktop Controller switching control, USB Type-C 5V Power Input

Specifications

Overview Summary:

The UGREEN CM664 HDMI KVM Switch makes it easy to control two computers using a single monitor, keyboard and mouse. With support for up to 4K resolution at 60Hz and fast USB 3.0 data transfer speeds of up to 5Gbps, it is an ideal solution for home offices, professional workstations, gaming setups and shared work environments. The convenient desktop controller and push-button switching allow seamless transitions between connected devices.

Designed for broad compatibility with Windows, macOS, Linux, Chrome OS, gaming consoles and a wide range of USB peripherals, this plug-and-play KVM switch helps reduce desk clutter while improving productivity. Buy now and enjoy a cleaner, more efficient workspace, or shop now to simplify multi-device management with reliable UGREEN performance.

Performance tier: Premium

Uses: Managing two computers with one monitor, home office setups, professional workstations, gaming desks, shared desktop environments, presentation systems, peripheral sharing, productivity enhancement

Overview:

UGREEN 4K@60Hz HDMI KVM Switch for Two Computers to One Monitor
Managing multiple computers no longer needs to mean juggling extra monitors, keyboards, and cables. The UGREEN 4K@60Hz HDMI KVM Switch simplifies your workspace by allowing you to control two computers using a single monitor, keyboard, and mouse. Designed for home offices, professional environments, and gaming setups, it delivers seamless switching, ultra-clear visuals, and high-speed USB connectivity in one compact device.

Description:

The UGREEN HDMI KVM Switch is an efficient desktop solution that lets users operate two computers through a single display and shared peripherals. Supporting 4K resolution at 60Hz, rapid USB 3.0 transfers up to 5Gbps, and convenient push-button or desktop controller switching, it enhances productivity while reducing cable clutter. Its plug-and-play design and broad compatibility make it ideal for workstations, entertainment systems, and mixed operating system environments.

Features:

A Smarter Way to Organise Your Workspace
Whether you are balancing work and personal systems or managing separate project environments, this HDMI KVM switch helps create a cleaner, more efficient setup. Instead of maintaining duplicate peripherals, users can instantly alternate between connected computers without interrupting their workflow.

The compact design fits neatly onto busy desks while transforming multiple devices into a streamlined command centre suitable for offices, remote workspaces, and gaming stations.

Sharp 4K Visual Performance
Visual quality remains uncompromised thanks to support for resolutions up to 4K at 60Hz. Detailed graphics, spreadsheets, creative projects, and entertainment content all benefit from crisp image clarity and smooth playback.

Additional supported resolutions cater to gamers and high-refresh-rate users:

- 4K at 60Hz
- 2560 x 1440 at 120Hz
- 1920 x 1080 at 240Hz

With HDMI 2.0 and HDCP 2.2 compatibility, the switch integrates easily with modern displays and protected content sources.

Fast USB 3.0 Connectivity for Everyday Devices
Beyond display management, this UGREEN KVM serves as a central connection hub for your peripherals. USB 3.0 technology provides data transfer speeds of up to 5Gbps, making it suitable for both productivity and media applications.

Supported devices include:

- Keyboards and mice
- Webcams
- Printers and scanners
- USB flash drives
- External hard drives
- Additional USB accessories

The inclusion of both USB Type-A and USB Type-C connectivity ensures compatibility with both legacy and newer devices.

Simple Switching with Minimal Disruption
Changing between systems takes only seconds. Users can switch control using either the button located on the device itself or the included desktop controller positioned within easy reach.

The built-in power memory function automatically restores the previously selected source following power interruptions, helping maintain continuity during demanding work sessions or extended gaming periods.

Built for Diverse Computing Environments
Compatibility is one of this KVM switch's strongest advantages. It supports a wide range of operating systems and devices, making it suitable for mixed-platform environments.

Compatible operating systems include:

- Windows XP, Vista, 7, 8, 8.1, 10 and 11
- macOS
- Linux
- Chrome OS

Supported devices include:

- Desktop PCs
- Laptops
- PS5
- PS4
- PS3
- Xbox One
- Nintendo Switch
- TV boxes

From presentation rooms and educational environments to gaming setups and professional workstations, this solution adapts effortlessly.

Technical Details

- Part Number / SKU: CM664-15707
- KVM configuration: 2 computers to 1 monitor
- Video output: Up to 4K at 60Hz
- HDMI version: HDMI 2.0
- HDR support: Yes
- USB standard: USB 3.0
- USB transfer speed: Up to 5Gbps
- USB ports: 3 x USB Type-A
- USB Type-C ports: 1
- HDMI inputs: 2 x HDMI female
- USB computer inputs: 2 x USB-B
- HDMI output: 1 x HDMI female
- Controller connection: Mini USB
- Switching methods: Push button and desktop controller
- Installation: Plug and play
- Power input: USB Type-C 5V

- Power memory: Yes
- Status indicator: Blue LED
- Construction material: Plastic
- Dimensions: 9.5 x 5.8 x 2.4 cm
- Weight: 595g

For customers comparing models, the SKU CM664-15707 identifies this specific UGREEN 2 In 1 Out HDMI KVM Switch configuration.

Package Contents

- UGREEN 2 In 1 Out HDMI KVM Switch x1
- USB cables x2
- HDMI cables x2
- User guide x1

Why Choose UGREEN
UGREEN continues to deliver practical connectivity solutions designed for modern lifestyles. Combining reliability, ease of use, and broad compatibility, this HDMI KVM switch helps users maximise productivity while maintaining a tidy and efficient workspace.
