UGREEN M.2 NVMe TypeC 3.2 Gen Enclosure SSD

Product Overview

UGREEN M.2 NVMe TypeC 3.2 Gen Enclosure SSD, 10Gbps USB3.2 Gen2; NVMe (M-Key/B+M Key) only; Sizes 2230-2280; Up to 8TB; Aluminium shell; Thermal pad; USB-C & USB-A cables included; Tool free install, 6 Months Warranty

Specifications

Overview Summary

UGREEN M.2 NVMe Type-C 3.2 Gen Enclosure

This UGREEN enclosure delivers high-speed data transfer via USB 3.2 Gen 2 (10 Gbps), engineered for M-Key or B+M-Key NVMe SSDs in sizes 2230, 2242, 2260, or 2280. The tool-free design makes installation fast and hassle-free, while its aluminium shell and thermal pad ensure stable performance under load. Ideal for users needing portable expansion, fast backups, or upgrading storage without replacing devices.

With support for up to 8 TB NVMe SSDs, this enclosure offers excellent compatibility across Windows, macOS, Linux and Android. Safety features like over-current, short-circuit protection and support for UASP and TRIM ensure data integrity and efficiency for everyday or professional workflows.

Performance tier: Premium / High-Speed External NVMe Enclosure

Uses: External storage expansion, Fast file transfers, System backup, Portable SSD deployment, Data migration

Overview

The UGREEN M.2 NVMe Type-C 3.2 Gen SSD Enclosure offers blazing fast 10 Gbps transfer speeds via USB 3.2 Gen 2, ensuring efficient and reliable data access. It supports M-Key and B+M-Key NVMe (PCIe) SSDs in 2230, 2242, 2260, and 2280 sizes, providing versatile compatibility. Designed for easy installation and durability, it comes with a 6-month warranty for peace of mind.

Description

This UGREEN M.2 NVMe Type-C 3.2 Gen enclosure is designed for users who demand both speed and portability. From creative professionals transferring large video files to IT specialists migrating systems, the strong aluminium build combined

with thermal management keeps performance consistent under heavy loads. It supports only NVMe SSDs in the specified key types and sizes, which ensures optimal bandwidth via PCIe lanes and the USB 3.2 Gen 2 interface.

The tool-free mechanism means you can insert or replace your SSD without tools. The inclusion of both USB-C and USB-A cables makes it versatile across modern and legacy devices. Safe data transfer is supported by UASP and TRIM, plus hardware protections embedded in the chip prevent damage from electrical faults. This enclosure is a solid choice for anyone wanting reliable external SSD functionality with fast speeds.

Features

- High-speed transfer: Supports USB 3.2 Gen 2 up to 10 Gbps, which translates to roughly 1 GB/s transfer speeds.
- Protocol and drive support: Designed for M-Key or B+M-Key NVMe (PCIe) SSDs, compatible with sizes 2230/2242/2260/2280, and can accommodate capacities up to 8 TB.
- Cross-platform friendly: Works seamlessly on Windows, macOS, Linux, iOS, and Android devices.
- Expand storage: Turn an old NVMe SSD into portable storage.
- Fast backups/transfers: Ideal for moving large files quickly.
- On-the-go editing: Suitable for editing video, footage, or large datasets directly from the enclosure.
- Cross-device usage: Compatible across laptops, desktops, tablets, even some smartphones.

What's in the Box

- UGREEN M.2 NVMe Enclosure unit
- USB-C to USB-C cable
- USB-A to USB-C cable
- Silicone thermal pad
- User manual
- Silicone protective case (if included in model)

Specifications	
Product Code	CM767-35267
Product Code	CM767-35267
Description	UGREEN M.2 NVMe Type-C 3.2 Gen SSD Enclosure
Speed	10 Gbps High-speed transfer
Type	USB 3.2 Gen 2
Designed for	M-Key or B+M-Key NVMe (PCIe) SSDs
Compatible with	2230/2242/2260/2280 sizes
Compatible Device	Windows, macOS, Linux, iOS, and Android devices.
NVMe only	It doesn't support SATA-based M.2 SSDs
Color	Gray
Warranty	6 Months Warranty
