Canon CLI-451 High Yield Grey Ink Cartridge (3350 pages)

Product Overview

CLI-451 High Yield Grey (iP7240, MG5440, MG6340) Yield = 3350 pages

Specifications

Overview:

With canon high-yield xl inks, you can print more for less without compromising on quality. The pixma xl inks provide significantly more prints than their standard equivalents, ensuring longer periods between ink replacements - ideal if you print a lot. Combined with canon photo paper, photos are protected from fading with the chromalife100+ system.

Canon cli-451 high-yield (11ml) ink tanks for pixma ip724, mg5440 and mg630 printers are available in a variety of colours.
