Overview:

Hazard

The mouse made by hazardous minds for those gamers who play their favourite games to the extreme. Due to 9 customized buttons and 4 removable extra weights per 5 grams each, the mouse has great capabilities to get you to the top. Using mouse driver you can set up macros, assign button commands, response rate, DPI, and create player profile according to your own gaming needs. Onboard memory module allows to transfer custom settings and your entire player profile to other computers. No matter what grip you have, twin surface coating technology will provide extra durability and prevent from scratches and fingerprints. And awesome "fire-coloured" LED lighting helps you to enjoy long night gaming sessions and simply looks cool! A perfect weapon for a certain victory.
