Specifications

Overview:

The Yealink CP965 Android conference phone is designed for medium and large-sized conference rooms. Based on the Android 9.0 operating system, it is the Yealink flagship HD conference phone with powerful voice conferencing features.

The Yealink CP965 design brings understated business elegance to the boardroom, while the acoustic fabric is impervious to any accidental spills.

The inclusion of 13 built-in microphones, provide the Yealink CP965 with a clear and natural conference call experience. In addition, you can also connect the Yealink CP965 to your PC device or smartphone via Bluetooth or USB to achieve a variety of UC hybrid meeting modes.

For larger boardrooms the Yealink CP965 can be connected with 3 additional conference phones in star configuration to provide synchronous sound pickup and playback. The CP965 Android conference phone provides you with a new intelligent voice conferencing solution, which is the ideal office assistant for your conference room.
