Microworld Modular Crimping Tool RJ48 / RJ45 / RJ11

Product Overview

Microworld Modular Crimping Tool RJ48 / RJ45 / RJ11, with cutting Function, can strip flat wires but not round wires, Ratchet booster structure Design

Specifications

Overview Summary:

The Microworld Modular Crimping Tool is a versatile and durable solution for professionals and DIY enthusiasts working with network and telephony cables. This all-in-one tool supports RJ48, RJ45, RJ11, RJ12, and RJ10 connectors, allowing you to crimp, cut, and strip flat cables with ease. Its ratchet booster mechanism reduces hand fatigue, ensuring consistent and precise crimps every time. The high-quality metal construction and ergonomic design make it ideal for both home and fieldwork applications. Buy now and streamline your cable installation tasks.

Performance tier:Professional

Uses:Network cable installation, telephony cable maintenance, DIY cable assembly, fieldwork, custom cable creation

Overview:

Microworld Modular Crimping Tool for RJ48, RJ45, RJ11 Connectors

The Microworld Modular Crimping Tool is a versatile solution designed for professionals and DIY enthusiasts working with telephony and computer network cables. It combines crimping, cutting, and stripping functions in a single compact tool, helping streamline cable installation tasks.

Description:

This multi-functional crimping tool supports a wide range of connectors, including RJ48, RJ45, RJ12, RJ11, and RJ10 . Its high-quality metal construction ensures durability, while the ratchet booster design reduces hand fatigue and improves precision. Ideal for both flat wire stripping and connector crimping, this tool minimizes the need to carry multiple devices, making it perfect for network installation and maintenance.

Features:

ComX Computers

Product Specification Sheet

All-in-One Cable Tool for Multiple Connectors

The crimping tool includes three specialized dies:

- RJ45 (8P8C) for standard network cables
 - RJ11 (6P2C) and RJ12 (6P6C) for telephone lines
 - RJ10 (4P4C) for smaller connectors
- This configuration allows you to handle multiple cable types efficiently, saving time and workspace.

Precise Cutting and Stripping Capabilities

- Built-in cutting function for clean cable cuts
- Capable of stripping flat wires quickly and accurately
- Not designed for round wires

Ergonomic and Durable Design

- Ratchet booster mechanism reduces hand strain and ensures consistent crimps
- Constructed from high-quality metal for long-lasting performance
- Compact design consolidates multiple tools into one, making it ideal for fieldwork

Supported Modular Crimp Plugs

- 10P10C (RJ48)
- 8P8C (RJ45)
- 6P6C (RJ12)
- 6P4C (RJ11)
- 4P4C and 4P2C
- DEC/Offset 6P6C

Why Choose the Microworld Modular Crimping Tool?

Yes, This tool is perfect for network technicians and DIYers who need a reliable, multi-purpose crimping solution. It saves space, reduces the need for multiple tools, and ensures accurate, professional-quality crimps every time.
