CSH-800

Cnet 8 Port 10/100 Fast Ethernet Switch

Product Overview

Cnet 8 Port 10/100 Fast Ethernet Switch

Specifications

Overview:

CSH-800 8-port 10/100Mbps Ethernet Switch is designed for SOHO (Small/Office/Home Office) or workgroup users. Plastic case, desktop or wall-mounting design with a safety certified internal power supply make the switch the most robust product which is very cost-effective for a less than 8 user environment. The plug-and-play and auto-negotiation capabilities allow the switch to auto-detect its link partner (Ethernet adapter, for example) with the best speed. Each port provides full bandwidth (Maximum with 200Mbps in full duplex mode) without a traditional hub's collision phenomenon downgrading the performance. All ports can be the uplink (cascade) port which is provided to link to another Switch for more ports expansion. Easy read LED indicators are supported for cable installation and normal operation diagnostics. The Switch can be used on desktop.

Features:

- 8 ports with Auto-Negotiation function
- Supports Auto MDI/MDI-X to detect and correct crossover cables
- Plug & play with easy-to-read diagnostic LEDs
- Broadcast storm control

Specifications	
Product Code	CSH-800

Standard	IEEE 802.3 10Base-T
	IEEE 802.3u 100Base-TX
	CSMA / CD
	TCP / IP
Transmisson Rate	10 / 100Mbps for Half-Duplex mode
	20 / 200Mbps for Half-Duplex mode
Flow Control	IEEE 802.3x Flow Control (Full-Duplex)
Ports	8 10 / 100Mbps Auto-Negotiation RJ45 ports (Auto MDI / MDIX)
Network Media	10 BASE-T: UTP category 3, 4, 5 cable (maximum 100m)
	100 BASE-T: UTP category 3, 4, 5 cable (maximum 100m)
Back board width	1.0Gbps
LED Indicator	Power, Link / Act, 100Mbps
Environment	Operating Temperature: 0 degreesC~55 degreesC (32 degreesF~104 degreesF)
	Storage Temperature: -20 degreesC~70 degreesC (-40 degreesF~158 degreesF)
	Operating Humidity: 10%~90% non-condensing
	Storage Humidity: 5%~90% non-condensing
Power	DC 9V, 500MA
Dimensions	162mmx95mmx25mm
Safety & Emission	FCC, CE
