CSTR-5050-5M PW

Clear Sky LEDs 5050 14W per meter LED Strip Lights (5 meter roll) - Pure White - 120 degrees - 603lm

Product Overview

Clear Sky LEDs 5050 LED Strip Lights (5 meter roll),Colour: Pure White, Lumens(lm) / meter: PW - 603 lm, Brightness (mcd/LED): PW - 4800 - 5800, Power Consumption: 14W (per meter), Working Voltage: 12V DC (linked to power supply or battery), Luminescence Angles: 120 degrees, Waterproof Options: Available in IP65 (Weather Proof), CRI: Ra 70, Certification: CE & RoHS

Specifications

Overview:

The Flexible 5 meter roll of 5050 LED Strip Lights is ideal for installations that require some serious strip lighting. The 5050 strips are THREE times brighter than the 3528 variety thus providing +/- 500 lumens per meter (equivalent to a 60w incandescent light bulb), making the 5050 strips powerfully placed to provide illumination for walkways, pools, decks, outside areas of all kinds, retail stores, display lighting, merchandising - and any areas that require serious illumination. These Flexible LED Strip Lights are beautiful, fun and easy to install, are available in a number of colour options and can be used in or outdoors (having an IP65 rating).

Features:

- LED Strip Lights contain no hazardous chemicals or materials, produce virtually no heat and give off no UV radiation.
- For commercial enterprises and anyone else serious about both quality and running costs, LED Strip Lights use a fraction of the power of any alternatives - in some cases providing a saving of 90% off the electrical bills!
- With a life span of over 50,000 hours, LED Strip Lights are a unbeatable cost saving solution that effectively minimises maintenance while seriously reducing replacement cost and time.

Product Code	CSTR-5050-5M PW
Specifications	
Model Name	5050 LED Strip Lights

Model No.	CStr-5050
Colour Options	Pure White
	Warm White
	Green
	Blue
	Red
Lumens(lm) / meter	PW - 603 lm
	WW - 550 lm
	G - 480 lm
	B - 140 lm
	R - 109 lm
Brightness (mcd/LED)	PW - 4800 - 5800
	WW - 4800 - 5800
	G - 4000 - 5000
	B - 2500 - 3500
	R - 3000 - 4000
Power Consumption	14W (per meter)
Working Voltage	12V DC (linked to power supply or battery)
Luminescence Angles	120 degrees
Waterproof Options	Available in IP65 (Weather Proof)
CRI	Ra 70
Certification	CE & RoHS
