CableTime Extra Long 3m HDMI 2.0 Cable 4K for TV Computer Projector

Product Overview

CableTime Extra Long 3m HDMI 2.0 Cable 4K for TV Computer Projector. The CT-HD4K-AG-3M HDMI 2.0 cable is a premium accessory designed to deliver superior 4K Ultra HD visuals at 60Hz. With a high-speed 18Gbps bandwidth, it ensures smooth streaming and gaming experiences. The cable supports advanced audio formats like Dolby Atmos and Dolby TrueHD 7.1, providing immersive sound quality. Its flexible PVC jacket and gold-plated connectors offer durability and reliable performance, making it an excellent choice for home theaters, gaming setups, and professional presentations.

Specifications

Overview Summary

The CT-HD4K-AG-3M is a high-performance HDMI 2.0 cable designed to deliver exceptional 4K Ultra HD visuals at 60Hz. Ideal for connecting devices such as gaming consoles, Blu-ray players, and PCs to 4K TVs or projectors, this cable ensures a seamless viewing experience with vibrant colors and sharp details.

Performance tier:Premium

Uses:Home theater setups, gaming, video conferencing, presentations, streaming

Overview

Get the best view with Cabletime's HDMI 2.0 cable. Perfect for your big screen TV or games, it keeps your 4K picture sharp even over long distances. Easy to use, it connects all your devices with HDMI ports with one cable, from your soundbar to your games console. Built to last, it is a great choice for your home entertainment.

Experience stunning 4K 60Hz clarity and vibrant HDR colors with Cabletime's high speed HDMI 2.0 Cable. This cable supports advanced audio features like Dolby Atmos and Dolby TrueHD 7.1, delivering rich, cinema-quality sound that immerses you completely. With a high-speed 18Gbps transfer rate, it ensures smooth, lag-free gaming and reliable video conferencing. Designed to maintain signal quality over distances up to 60 feet, this extra-long HDMI cable is ideal for home theaters, extensive conference room setups, and elaborate gaming rigs.

Description

The CT-HD4K-AG-3M HDMI cable is engineered to provide a high-quality connection between your devices, ensuring optimal

performance for 4K Ultra HD content. Its 18Gbps bandwidth supports fast data transfer, reducing lag and buffering for smooth streaming and gaming experiences. The cable's gold-plated connectors and durable PVC jacket ensure longevity and reliable signal transmission, making it a valuable addition to any home entertainment setup.

Features

- Extra long HDMI 2.0 cable
- Available in lengths from 1 to 20 m
- Offer Ultra 4K 60Hz resolution
- 18Gbps High Speed Signal Transmission
- High Dynamic Range (HDR) support
- Easily extend or mirror your laptop to big screen
- Durable PVC jacket and aluminum shell
- Gold plated Connector

4K Ultra HD Resolution

Enjoy brilliant, lifelike 4K visuals at 60Hz that bring vibrant colors and sharp details to your screen. Cabletime HDMI male to male cable supports advanced audio formats including ARC, Dolby Atmos, and Dolby TrueHD 7.1, enriching your viewing with high-definition sound quality. Enhanced with 3D virtual effects, it adds depth to your movies and games, making it the perfect choice for top-tier, ultra-high-definition entertainment.

High-Speed 18Gbps Bandwidth

Cabletime HDMI 2.0 cable offers fast, efficient streaming with an 18Gbps bandwidth. It quickly delivers high-resolution images and crystal-clear sound, 1.8 times faster than HDMI 1.4, reducing buffering and enhancing your gaming experience. Its plug-and-play design means no extra drivers are required, allowing for immediate, hassle-free setup and use. Ideal for watching TV, gaming or working.

Extra Long HDMI Cable

Stretching up to 60 feet(20M), Cabletime HDMI cable 2.0 offers unmatched flexibility and freedom for setups that require an extra long reach without compromising 4K 60Hz video quality. This cable guarantees ultra-clear picture quality over distances, whether you need 30 ft, 50 ft, or anywhere in between. It's perfect for large venues like conference halls and auditoriums, ensuring that even far-placed projectors or displays deliver crisp, detailed visuals.

Flexible and Durable

Built to last, Cabletime high speed HDMI cable is equipped with corrosion-resistant gold-plated connectors and a strong aluminum shell, all wrapped in a flexible PVC jacket. It ensures continuous, high-quality signal transmission for all your video and audio connections, providing durability and reliability in one smart design.

Wide Compatibility

Seamlessly connect devices such as laptops, Blu-ray players, Apple TV, PCs, gaming consoles including PS4 and PS5, Roku and more to 4K UHD TVs, projectors or monitors with our range of HDMI male to HDMI male cable. Available in a range of lengths from 3ft to 60ft, we have the perfect cable to suit your needs, whether you have a compact setup or a large installation.

Widely Compatible Device

Apple TV/PS5/PS4 Pro/Roku Stick, Xbox Series X/S/Xbox 360, Nintendo Switch/Switch 2, Wii U, Mac mini M4/M4 Pro, Laptop, PC, Blu-ray player, AV Receiver, TV stick, TV Box, DVD player, LG TV, Sony 8K UHD TV, Samsung QLED TV, Soundbar, chromebook, Macbook air/Pro, Projector, Monitor
