Corsair Nautilus 240 ARGB Liquid CPU Cooler - White

Product Overview

Corsair Nautilus 240 ARGB Liquid CPU Cooler - White, 240mm radiator, Liquid CPU Cooler, 2 fans, Copper Cold plate material, Aluminum radiator material, Cooling Socket support - Intel 1851 / Intel 1700 / AMD AM5 / AMD AM4, 2100 rpm fan Speed, 13.3 - 72.8 CFM fan Airflow, 400mm tubing length, PWM fan control Method

Specifications

Overview:

NAUTILUS 240 RS ARGB Liquid CPU Cooler - White

The CORSAIR NAUTILUS RS ARGB Liquid CPU Cooler delivers efficient, low-noise cooling with straightforward connectivity - no controller required, just plugs directly into your motherboard.

Features:

NAUTILUS RS ARGB

- AIO CPU COOLER
- COOL, QUIET, POWERFUL

SIMPLE, FOCUSED PERFORMANCE

Renowned CORSAIR engineering delivers high-performance, low-noise cooling, enabling your CPU to reach its full potential.

MAXIMUM CONTACT

The slightly convex design ensures optimal contact with your CPU's integrated heat spreader, with thermal paste applied in an optimized pattern to speed up installation.

HIGH AIRFLOW AND STATIC PRESSURE

RS120 ARGB Fans deliver powerful airflow with high static pressure to push air through the radiator. CORSAIR AirGuide technology and Magnetic Dome bearings ensure excellent cooling performance while keeping noise to a minimum.

DAISY-CHAINED CONNECTIONS

Simplify your system wiring by daisy-chaining your RS fans and connecting them to a single 4-pin PWM fan header on your motherboard.

QUIET AND EFFICIENT

The efficient, low-noise pump circulates coolant with a high flow rate at a whisper-quiet 20 dBA. PWM control lets you set your fan speed up to 2,100 RPM, with support for Zero RPM mode for quiet operation.

WIDE COMPATIBILITY

Supports a broad range of Intel and AMD socket types, including the latest cutting-edge LGA 1851.

iCUE READY

Connect to a CORSAIR iCUE controller such as the COMMANDER CORE XT (controller and adapter cable sold separately) for more advanced control over your fans and pump using iCUE software.

Specifications	
Product Code	CW-9060094-WW
Product Length	275
Product Width	125
Product Height	125
Lighting	RGB
Cooling Warranty	5 Year
Number of Fans	2
Cold Plate Material	Copper

ComX Computers

Product Specification Sheet

Radiator Material	Aluminum
Cooling Socket Support	Intel 1851, Intel 1700, AMD AM5, AMD AM4
Fan Speed	2100 RPM
Fan Airflow	13.3 - 72.8 CFM
Fan Static Pressure	0.2 - 4.15 mm-H2O
Noise Level	10 - 36 dBA
Radiator Size	240mm
Fan Model	Standard
Tubing Length	400mm
Fan Control Method	PWM
AMD Processors Supported	Ryzen, A-Series
Intel Processors Supported	Core i9, i7, i5, i3, Pentium, Celeron
PWM	Yes
Weight	1.932
