Performance tier: Everyday portable storage

Uses:file transfers, backups, media storage, documents, school and office data

Overview:

The CipherX U10 Pro Series 128GB USB 3.0 Flash Drive is designed for fast, reliable, and portable data storage. Built for everyday users and professionals alike, it offers quick file transfers, smooth performance, and dependable storage for documents, photos, videos, and backups. With its compact design and high-speed USB 3.0 interface, it delivers convenience and efficiency whether used at home, in the office, or on the move.

Description:

The CipherX U10 Pro Series 128GB USB 3.0 flash drive combines speed, portability, and generous storage capacity in a single compact device. With read speeds of up to 150MB/s, it enables rapid file transfers, reduces waiting time, and improves productivity. Ideal for students, professionals, and everyday users, it provides a reliable way to store, share, and protect important data across multiple devices.

Features:

High-Speed Performance for Everyday Use
Experience faster file transfers with USB 3.0 technology and a read speed of up to 150MB/s. This makes moving large files, HD videos, and photo libraries quick and efficient while maintaining stable performance across compatible devices.

Portable Storage That Fits Your Lifestyle
The compact and lightweight design makes this 128GB USB flash drive easy to carry in a pocket, bag, or laptop case, offering convenient access to your files wherever you go.

Wide Compatibility Across Devices
Compatible with laptops, desktops, smart TVs, and other USB-enabled devices, the CipherX U10 Pro Series ensures simple plug-and-play usage without the need for additional software.

Reliable Data Storage Solution
Designed for consistent performance, this USB flash drive supports secure storage of work files, personal media, school projects, and backups, making it a dependable everyday storage tool.

Product Highlights

- 128GB storage capacity for large files and daily backups
- USB 3.0 interface for fast data transfer
- Read speeds up to 150MB/s
- Compact, portable design for easy carrying
- Suitable for documents, photos, videos, and multimedia storage

Ideal For

- Students and professionals managing large files
- Office and home data storage needs
- Portable media and file sharing
- Backup and everyday digital storage

The CipherX U10 Pro Series 128GB USB 3.0 Flash Drive delivers speed, portability, and reliability in one sleek storage solution, making it a smart choice for efficient and secure data management.
