Buy the Defy DAC447 247L Fridge Freezer online today for reliable food storage and convenient delivery in South Africa.

Overview Summary

Defy DAC447 247L Bottom Mounted Fridge Freezer

The Defy DAC447 Bottom Mounted Fridge Freezer is a practical refrigeration solution designed for everyday household use. With a total net capacity of 247 litres, it provides 152 litres of refrigerator space and 95 litres of freezer storage, allowing you to organise fresh groceries, chilled beverages, frozen meals and other household food essentials. Its double-door design places the freezer compartment at the bottom for convenient access to everyday refrigerated items.

The refrigerator features a static cooling system, mechanical temperature control and a rotational controller positioned on the ceiling. Internal LED lighting provides visibility when accessing food, while glass shelves with front and back profiles offer practical storage surfaces. The freezer includes a 4-star freezer compartment and an ice tray for making ice at home.

Finished in satin metallic grey, the Defy DAC447 combines a contemporary appearance with practical functionality. Its A+ energy rating, freestanding installation design and compact 54cm width make it a suitable option for households looking for a practical bottom freezer refrigerator.

Performance tier: Everyday household refrigeration - A+ energy efficiency class

Uses: Household food storage, fresh produce refrigeration, chilled beverage storage, frozen food storage, meal preparation, everyday kitchen refrigeration

Overview

The Defy Bottom Freezer Fridge Keep fresh and frozen foods organised in a 247-litre double-door fridge freezer, with the 152-litre fridge compartment above and a 95-litre bottom-mounted freezer below.Static cooling, mechanical control, and an A+ energy class deliver dependable everyday refrigeration, while the ceiling-mounted rotational controller makes temperature adjustment simple.Finished in sleek metallic grey, this free-standing model includes LED ceiling lighting, durable glass shelves, and an ice tray for convenient, practical storage.

Description

The Defy DAC447 Bottom Mounted Fridge Freezer is designed to provide convenient and organised food storage for everyday household requirements. With a total net capacity of 247 litres, this refrigerator offers a practical balance between fresh food refrigeration and frozen food storage. Its double-door configuration separates the refrigerator and freezer compartments, helping you organise groceries according to your storage needs.

Practical bottom freezer design

The bottom-mounted freezer design positions the freezer compartment underneath the refrigerator, making frequently accessed fresh food easier to reach. The 152L refrigerator compartment provides storage for fresh groceries, dairy products, beverages and prepared meals, while the 95L freezer compartment accommodates frozen food and other frozen essentials.

Static cooling technology

The static cooling system provides conventional refrigeration for everyday food storage. Mechanical temperature control allows you to adjust the cooling settings using the rotational controller positioned on the ceiling inside the refrigerator. This straightforward control system offers convenient operation without requiring an electronic touchscreen interface.

LED interior illumination

The ceiling-mounted LED lighting illuminates the refrigerator compartment, helping you see stored groceries and locate items when opening the door. The interior lighting provides practical visibility for everyday kitchen use.

Practical interior storage

Glass shelves with front and back profiles provide storage surfaces for organising food containers, groceries and beverages. The separate refrigerator and freezer compartments help keep fresh and frozen food organised according to your household requirements.

Energy-conscious refrigeration

With an A+ energy efficiency rating, the Defy DAC447 is designed with energy consumption in mind. Its published annual energy consumption is 254 kWh under the specified test conditions at 25 degrees Celsius.

Contemporary metallic finish

The satin metallic grey exterior gives the Defy DAC447 a modern appearance that complements a variety of kitchen styles. Its freestanding design allows it to be installed as an independent kitchen appliance, subject to the required installation clearances.

The Defy DAC447 is a practical choice for households seeking a 247L double-door fridge freezer with separate refrigerator and freezer storage, mechanical controls, LED lighting and an A+ energy rating.

Features

- 247L net capacity: Provides combined refrigerator and freezer storage for everyday household groceries.
- 152L refrigerator compartment: Offers dedicated space for fresh food, beverages, dairy products and prepared meals.
- 95L freezer compartment: Provides separate storage for frozen food and household freezer essentials.
- Bottom-mounted freezer: Positions the freezer underneath the refrigerator for convenient access to frequently used chilled food.
- Double-door design: Separates the refrigerator and freezer compartments for organised food storage.
- A+ energy rating: Provides an energy efficiency classification designed to support more energy-conscious household refrigeration.
- Static cooling system: Provides conventional refrigeration for everyday food storage.
- Mechanical temperature control: Allows cooling adjustments through a straightforward mechanical control system.
- Rotational ceiling controller: Provides convenient access to the refrigerator temperature control.
- Ceiling-mounted LED lighting: Illuminates the refrigerator interior for improved visibility.
- Glass shelves: Provides practical surfaces for organising groceries and food containers.
- Front and back shelf profiles: Adds profile detailing to the glass shelving.
- 4-star freezer: Provides a freezer compartment with a 4-star classification.
- Ice tray included: Allows you to prepare and store ice cubes in the freezer.
- Antibacterial door seal: Includes an antibacterial door seal feature listed in Defy's product catalogue.
- Reversible doors: Offers door reversal functionality for installation flexibility.
- Freestanding installation: Designed to operate as an independent refrigerator appliance.
- Satin metallic grey finish: Provides a contemporary metallic appearance for modern kitchens.

- Total gross volume: 247L
- Total net capacity: 247L
- Refrigerator net capacity: 152L
- Freezer net capacity: 95L
- Freezer position: Bottom
- Freezer star rating: 4-star
- Cooling technology: Static cooling
- Temperature control: Mechanical
- Control type: Rotational ceiling controller
- Energy efficiency class: A+
- Annual energy consumption: 254 kWh/year at 25 degrees Celsius
- Daily energy consumption: 0.72 kWh/24 hours at 25 degrees Celsius
- Climate class: SN-T
- Operating voltage: 220-240V
- Frequency: 50Hz
- Minimum ambient temperature: 10 degrees Celsius
- Interior lighting: Ceiling-mounted LED
- Shelf material: Glass
- Shelf design: Glass shelf with front and back profile
- Ice maker type: Ice tray
- Antibacterial door seal: Yes
- Reversible doors: Yes
- Door handle: Integrated handle
- Back feet: Standard
- Exterior finish: Satin metallic
- Colour: Metallic grey
- Unpacked dimensions (H x W x D): 1600 x 540 x 587 mm
- Packed dimensions (H x W x D): 1675 x 595 x 670 mm
- Product width: 540 mm
- Product height: 1600 mm
- Product depth: 587 mm

Frequently Asked Questions

What is the total capacity of the Defy DAC447 fridge freezer?

The Defy DAC447 has a total net capacity of 247 litres, consisting of a 152L refrigerator compartment and a 95L freezer compartment.

Does the Defy DAC447 have a bottom freezer?

Yes. The Defy DAC447 features a bottom-mounted freezer compartment, with the main refrigerator compartment positioned above it.

Is the Defy DAC447 an energy-efficient refrigerator?

The Defy DAC447 has an A+ energy efficiency rating. Its published annual energy consumption is 254 kWh under the specified test conditions at 25 degrees Celsius.

Does the Defy DAC447 use frost-free cooling?

No. The Defy DAC447 uses a static cooling system. It is not advertised as a frost-free refrigerator.

What type of cooling system does the Defy DAC447 use?

The Defy DAC447 uses static cooling technology and a mechanical temperature control system for adjusting the refrigerator settings.

Does the Defy DAC447 have LED interior lighting?

Yes. It features ceiling-mounted LED lighting inside the refrigerator compartment to illuminate stored groceries.

What type of shelves does the Defy DAC447 have?

The Defy DAC447 features glass shelves with front and back profiles for organising food containers, groceries and beverages.

Does the Defy DAC447 include an ice tray?

Yes. An ice tray is included for preparing ice cubes in the freezer compartment.

Can the doors of the Defy DAC447 be reversed?

Yes. Defy's product catalogue lists reversible doors as a feature of the DAC447, allowing the door opening configuration to be changed for suitable installation requirements.

What are the dimensions of the Defy DAC447?

The unpacked dimensions are 1600 mm high, 540 mm wide and 587 mm deep. Check your available installation space before purchasing.

What is the climate class of the Defy DAC447?

The Defy DAC447 has an SN-T climate classification, with a listed minimum ambient operating temperature of 10 degrees Celsius.

Is the Defy DAC447 suitable for household use?

Yes. Its 247L capacity, separate refrigerator and freezer compartments, LED lighting and mechanical temperature controls make it suitable for everyday household food storage.

What voltage does the Defy DAC447 require?

The manufacturer lists an operating voltage of 220-240V and a frequency of 50Hz.

What colour is the Defy DAC447 fridge freezer?

The Defy DAC447 features a satin metallic grey finish designed to complement modern kitchen interiors.
