Overview:

Brother DCP-L1632W Compact Wireless Mono Laser Printer
The Brother DCP-L1632W is a practical 3-in-1 mono laser printer designed for home users and small office environments that need reliable printing, scanning, and copying in a compact footprint. With wireless connectivity, consistent print performance, and straightforward controls, it delivers a balanced solution for everyday document handling without unnecessary complexity.

Description:

The Brother DCP-L1632W combines print, scan, and copy functionality in a space-saving design, making it suitable for tight workspaces. It offers fast monochrome printing speeds, sharp output quality, and flexible connectivity including WiFi Direct and Ethernet. Users benefit from mobile printing support via the iPrint and Scan app, along with an intuitive LCD interface for quick operation. Its efficient toner usage and solid paper handling capacity make it a cost-effective and dependable choice for routine office tasks.

Features:

Designed for Small Spaces and Daily Use
This model is engineered to fit seamlessly into compact desks or shared work areas. Despite its size, it maintains consistent output speeds and dependable performance for routine printing needs such as reports, invoices, and schoolwork.

The clean layout and simple control panel reduce the learning curve, allowing users to get started quickly without complex setup procedures.

Speed and Output Efficiency
Printing performance is aligned with typical small office demands, ensuring minimal delays when handling multi-page documents.

- Print speed up to 20 pages per minute
- First-page output designed for minimal waiting time
- Up to 2400 x 600 dpi print resolution for clear text and sharp detail
- Output tray capacity of up to 50 sheets

This makes it suitable for moderate workloads where consistency is more important than high-volume production.

Flexible Connectivity and Mobile Printing
The device supports multiple connection options, enabling seamless integration into different work environments.

- WiFi Direct for direct device-to-printer communication
- Ethernet LAN for stable wired networking
- Hi-Speed USB 2.0 for direct connection
- Wireless standards include IEEE 802.11a/b/g/n
- Mobile printing via Brother iPrint and Scan app

This flexibility allows printing from desktops, laptops, and mobile devices without dependency on a single connection type.

Paper Handling and Media Support
The printer accommodates common office paper sizes and types, ensuring compatibility with standard workflows.

- Input tray capacity up to 150 sheets
- Supports A4, Letter, Legal, Folio, A5, B5, Executive
- Compatible with plain and recycled paper
- Manual feed and multi-purpose tray not included

The streamlined paper system keeps operation simple while covering essential needs.

Scanning and Copying Capabilities
In addition to printing, the DCP-L1632W supports document digitisation and duplication tasks with reliable clarity.

- Flatbed scanner with up to 600 x 1200 dpi optical resolution
- Interpolated scan resolution up to 19200 x 19200 dpi
- Copy resolution up to 600 x 600 dpi
- Resize copies from 25 percent to 400 percent

These functions are suited for archiving documents and producing quick duplicates.

User Interface and Memory
The control system is intentionally simple, focusing on usability and efficiency.

- 2-line LCD display for status and settings
- 128 MB memory for handling print jobs
- Easy navigation for copying and scanning functions

This setup ensures minimal user intervention while maintaining control over tasks.

Power and Operating Efficiency
The printer is optimized for everyday use with balanced energy consumption across operating modes.

- Printing power consumption approximately 380 W
- Ready mode approximately 40 W
- Sleep mode approximately 2.7 W
- Power off approximately 0.28 W

These figures support consistent use without excessive energy demand.

System Compatibility
The DCP-L1632W supports a wide range of operating systems, making it adaptable to different IT environments.

- Compatible with Windows versions from Windows 7 to Windows 11 and server editions
- Supports macOS versions from OS X 10.8 through macOS 14.x

This broad compatibility ensures integration with both legacy and modern systems.

Box Contents and Setup Essentials
The package includes everything required to begin printing with minimal delay.

- Starter toner cartridge with up to 1500 page yield
- Drum unit rated for extended use
- Power cable and USB cable
- Driver and software package via Brother support
- Quick setup guide
