DELOCK-65170

Delock 65170 Adapter VGA Female - Terminal Block

Product Overview

Delock 65170 Adapter VGA Female - Terminal Block; 15 pin female; 16 pin terminal block; 3.81 mm pitch; industrial wiring adapter; open cable end connections; custom VGA wiring

Specifications

About this product

The Delock 65170 VGA Female to Terminal Block Adapter provides a practical connection between a VGA 15 pin female interface and a 16 pin terminal block, making it suitable for special industrial applications and custom wiring where individual wires have open cable ends. With a 3.81 mm terminal block pitch, this compact adapter is designed for straightforward integration into suitable VGA wiring systems. Buy now from our website for a practical VGA terminal block connection solution.

Overview Summary

Delock 65170 VGA Female to Terminal Block Adapteris designed for applications that require a VGA 15 pin female interface to be connected to individual wires through a terminal block. Delock specifies this adapter for special industrial applications, including connections involving single wires with open cable ends.

The adapter features 1 x VGA 15 pin female connector and 1 x 16 pin terminal block with a 3.81 mm pitch. It provides a practical interface for custom wiring and equipment integration where a direct VGA connector and terminal block connection are required.

Performance tier: Industrial connectivity adapter

Uses: Industrial wiring, custom VGA connections, equipment integration, open wire VGA connections, control system installations

Description

The Delock 65170 is a VGA female to terminal block adapter intended for specialised industrial and custom wiring applications. It provides a VGA 15 pin female interface on one side and a 16 pin terminal block on the other, allowing individual wires with open cable ends to be connected to a VGA interface.

The terminal block uses a 3.81 mm pitch, providing the specified connection spacing for compatible wiring applications. This

design can be useful when integrating VGA connections into equipment or systems where conventional VGA cabling is not the preferred wiring method.

With its straightforward connector arrangement, the Delock 65170 can help simplify custom VGA wiring projects and equipment integration. It is particularly suited to technical installations where a VGA connection needs to interface with individually wired conductors.

Features

The Delock 65170 is designed to provide a practical VGA connection point for custom and industrial wiring applications.

- VGA 15 pin female interface for compatible VGA connections
- 16 pin terminal block for individual wire connections
- 3.81 mm terminal block pitch
- Designed for special industrial applications
- Suitable for connecting individual wires with open cable ends
- Useful for custom VGA wiring and equipment integration

What's in the Box

- 1 x Delock 65170 VGA Female to Terminal Block Adapter

Specifications

- Brand: Delock
- Item number: 65170
- Product type: VGA to terminal block adapter
- Connector 1: 1 x VGA 15 pin female
- Connector 2: 1 x 16 pin terminal block
- Terminal block pitch: 3.81 mm
- Application: Special industrial applications
- Wiring application: Connecting individual wires with open cable ends
- Package contents: Adapter
- Package type: Zip poly bag

FAQ

What is the Delock 65170 used for?

The Delock 65170 is used to connect a VGA 15 pin female interface to individual wires through a 16 pin terminal block. Delock specifies it for special industrial applications and wiring with open cable ends.

What type of VGA connector does the Delock 65170 have?

The adapter has 1 x VGA 15 pin female connector.

How many terminals does the Delock 65170 have?

The adapter has a 16 pin terminal block.

What is the terminal block pitch?

The terminal block has a 3.81 mm pitch.

Is the Delock 65170 suitable for industrial applications?

Yes. Delock specifically describes the adapter as being made for special industrial applications, including connections to single wires with open cable ends.

What is included with the Delock 65170?

The package contains 1 x adapter. The manufacturer lists the packaging as a zip poly bag.
