DES-1005D

D-Link 5-port UTP 10/100Mbps Desktop Switch

Product Overview

D-Link - Switch 5-port UTP 10/100Mbps Auto-sensing, Stand-alone, Unmanaged, Fan-less

Specifications

Overview:

D-Link's DES-1005D is a powerful 5 port 10/100Mbps desktop switch that is an ideal choice for small workgroups. The DES-1005D allows users to simply plug any port to either a 10Mbps Ethernet or 100Mbps Fast Ethernet network for compatibility, convenience, and faster connection. The switch comes in a small compact size designed for easy installation and high performance. The DES-1005D eliminates unnecessary traffic and relieves data congestion by delivering dedicated bandwidth for each of the five ports.

Each port on the DES-1005D supports automatic MDI/MDIX detection providing true 'plug and play' capability without the need for confusing crossover cables or crossover ports. With the media auto-sensing feature, plug in the network cable to the DES-1005D directly without the need to worry if the end node is a NIC (Network Interface Card) or switch/hub. The DES-1005D also supports flow control and auto-negotiation of half or full duplex transfer modes for each port.

The DES-1005D provides dynamic memory allocation for data flow control to guarantee against possible packet loss. The DSS-5+ uses fast store-and-forward switching to ensure low data latency and prevents error packages from transmitting

among segments.

Features:

- 5 x 10/100Mbps RJ-45 Ports
- Auto-Negotiation
- Auto-Senses Cable Type (Auto-MDIX)
- Half/Full Duplex Support
