Ducky Keycap Azure SA ABS

Product Overview

Ducky Keycap Azure SA ABS, ABS Double-Shot material, 108x Keys, No backlit support, Azure Colour, SA profile keycaps

Specifications

Overview Summary:

Upgrade your mechanical keyboard with the Ducky Azure SA ABS Double-Shot 108-Key Keycap Set. Designed in a classic SA profile with a striking azure colour, this full 108-key ANSI layout set delivers a bold look and a comfortable typing experience. The durable ABS double-shot construction ensures long-lasting legends that won't fade over time, making it ideal for everyday typing and gaming.

Perfect for keyboard enthusiasts in South Africa looking to customise their setup, this Ducky keycap set offers reliable quality from a trusted brand. Give your keyboard a fresh new feel and standout style-buy now and enjoy a premium typing upgrade, or shop now to complete your custom build.

Performance tier: Mid-range enthusiast

Uses: Mechanical keyboard customisation, typing, gaming, office work, home setups

Overview:

The Ducky Keycap Azure SA ABS set is designed for keyboard enthusiasts who appreciate bold styling and a distinctive typing feel. Built with durable ABS double shot construction, this 108 key ANSI layout set delivers reliable legends and a smooth surface finish. The Azure colourway adds a vibrant touch to any compatible mechanical keyboard, while the classic SA profile offers a sculpted, high profile shape that enhances both aesthetics and comfort.

Description:

The Ducky Keycap Azure SA ABS keycap set combines striking design with dependable build quality. Crafted from ABS double shot material, it ensures long lasting legends that will not fade with regular use. The tall SA profile provides a deep, satisfying typing experience, making it ideal for gamers, writers, and keyboard enthusiasts looking to customize their setup. With 108 keys in an ANSI layout and a vivid Azure color scheme, this set is a practical and stylish upgrade for compatible mechanical keyboards without backlighting.

Features:

Premium ABS Double Shot Construction
Manufactured using ABS double shot technology, each keycap is formed from two layers of plastic. This process ensures that the legends remain crisp and clear over time, even with heavy daily typing or gaming sessions. The smooth texture of ABS keycaps also provides a comfortable touch and a classic sound profile preferred by many mechanical keyboard users.

Classic SA Profile for a Distinct Typing Feel
The SA profile is known for its tall, sculpted shape and curved tops. This design offers:

- A high profile structure that stands out visually on any desk setup
- Sculpted rows that follow the natural movement of your fingers
- A deeper and more resonant typing sound compared to lower profile keycaps

If you are looking to create a retro inspired keyboard aesthetic with modern reliability, the SA profile is an excellent choice.

108 Key ANSI Layout Compatibility
This Ducky keycap set includes 108 keys arranged in a standard ANSI layout, making it suitable for most full size mechanical keyboards that follow the US layout format. Before purchasing, ensure your keyboard matches the ANSI configuration and does not require backlit keycap support.

Key details include:

- Brand: Ducky
- Model: DKSA108-USADZZWSA

- Profile: SA
- Material: ABS double shot
- Total keys: 108
- Layout: ANSI

Bold Azure Colorway for Custom Builds
The Azure colour scheme delivers a clean yet eye catching look that pairs well with both light and dark keyboard cases. Whether you are building a themed setup or refreshing an existing board, the bright blue tones help your keyboard stand out without compromising usability.

For users seeking durable ABS SA profile keycaps in a 108 key ANSI layout, the Ducky Keycap Azure SA ABS set offers a reliable and visually striking solution for mechanical keyboard customization.
