Overview Summary

Defy DTL160 14kg Top Loader Washing Machine - Manhattan Grey

The Defy DTL160 is a high-capacity top loader washing machine designed for households that need practical and convenient laundry care. With a generous**14kg washing capacity**, it provides ample room for larger laundry loads, everyday clothing, towels, bedding and household fabrics. Its 750rpm spin speed helps remove excess moisture from clothes during the washing cycle, while the stainless steel AquaWave drum is designed to support effective washing performance.

Equipped with an**Induction Motor and Fuzzy Control technology**, the DTL160 offers automatic washing management and convenient operation. It features 10 wash programmes and 8 water level settings to accommodate different laundry requirements. The double water inlet supports hot and cold water connections, while the LED display provides convenient access to washing controls. Additional functions include Air Dry, Child Lock and Auto Balance Detection for a more controlled washing experience.

Finished in stylish**Manhattan Grey**, this freestanding Defy top loader combines practical functionality with a modern appearance, making it a suitable laundry appliance for family homes and larger households.

Performance tier: Large-capacity domestic top loader washing machine

Uses: Family laundry, everyday clothing, towels, bedding, blankets, mixed fabrics, delicate garments, heavily soiled clothing and household laundry

Overview

The Defy Solo Microwave Oven delivers a spacious 30-litre capacity and 900W of power for fast everyday reheating, cooking, and defrosting. Its mechanical controls and digital timer support microwave, express, jet defrost, weight defrost, and multistage cooking, while the side-opening button door makes access simple. Finished in silver metallic with a grey painted interior, it combines practical family-sized performance with a clean, modern kitchen look.

Description

The**Defy DTL160 14kg Top Loader Washing Machine**is designed to make household laundry more convenient with its generous capacity, practical washing programmes and user-friendly controls. Its 14kg capacity accommodates substantial laundry loads, helping households manage regular washing requirements, including larger clothing loads, towels and bedding.

The top-loading design provides convenient access to the stainless steel washing drum, allowing laundry to be loaded from above. The AquaWave drum pattern is designed to assist with the movement of laundry during washing, while the stainless steel construction provides a durable washing surface.

Powered by an**Induction Motor**, the DTL160 combines reliable motor technology with Fuzzy Control for automatic washing management. Its 10 washing programmes provide different options for everyday laundry requirements, including Auto, Quick, Eco, Heavy, Blanket, Delicate, Rinse and Spin, Tub Clean, Fountain Wash and Mix/Multicolor. The 8 water level settings provide additional flexibility when selecting washing conditions.

The double water inlet allows the appliance to connect to hot and cold water supplies, subject to the installation requirements. Its LED display makes it easier to monitor and operate the washing machine, while the Air Dry function provides an additional spin and drying option to help remove moisture from laundry.

For additional household convenience, the Defy DTL160 incorporates Child Lock protection to help prevent accidental changes to the controls and Auto Balance Detection to identify uneven laundry distribution during spinning. These features make it a practical choice for busy households looking for a large-capacity automatic top loader.

With its Manhattan Grey finish, modern design and practical laundry features, the Defy DTL160 offers a convenient washing solution for everyday household use.

Features

The Defy DTL160 combines generous washing capacity with practical features designed to simplify household laundry.

- 14kg Washing Capacity: Provides ample space for larger household laundry loads, including clothing, towels and bedding.
- 750rpm Spin Speed: Helps remove excess moisture from laundry during the spin cycle.
- AquaWave Drum Pattern: Designed to support effective laundry movement during the washing process.
- Stainless Steel Drum: Provides a durable washing surface for regular household use.
- Induction Motor: Provides the motor system that powers the washing machine.
- Fuzzy Control Technology: Supports automatic washing management and water level adjustment according to laundry requirements.
- 10 Washing Programmes: Offers a selection of programmes for different fabric types, laundry loads and washing requirements.
- 8 Water Level Settings: Provides different water level options for washing flexibility.
- Double Water Inlet: Supports separate hot and cold water connections for compatible plumbing installations.
- Air Dry Function: Provides a separate spin and air-drying function to help remove excess moisture from laundry.
- LED Display: Provides a convenient display for washing programme selection and appliance operation.
- Child Lock: Helps prevent children from accidentally changing the washing machine controls.

- Auto Balance Detection: Detects uneven laundry distribution during spinning and automatically attempts to correct the imbalance.
- Freestanding Design: Designed for standalone installation in a suitable laundry area.
- Manhattan Grey Finish: Gives the washing machine a modern appearance that complements contemporary household spaces.

- Top lid: Black glass
- Cabinet colour: Dark Grey
- Product colour: Manhattan Grey
- Rated voltage: 220-240 V
- Frequency: 50 Hz
- Total current: 1.8 A
- Total power: 350-390 W
- Product height: 99.2 cm
- Product width: 59.5 cm
- Product depth: 61 cm
- Net weight: 43 kg

Frequently Asked Questions

What is the washing capacity of the Defy DTL160?

The Defy DTL160 has a 14kg washing capacity, making it suitable for larger household laundry loads, including clothing, towels and bedding.

How many washing programmes does the Defy DTL160 have?

The Defy DTL160 features 10 washing programmes, including Auto, Quick, Eco, Heavy, Blanket, Delicate, Rinse and Spin, Tub Clean, Fountain Wash and Mix/Multicolor.

What is the maximum spin speed of the Defy DTL160?

The washing machine has a maximum spin speed of 750rpm to help remove excess moisture from laundry during the spin cycle.

Does the Defy DTL160 have an AquaWave drum?

Yes. The Defy DTL160 features an AquaWave-patterned stainless steel drum designed to support laundry movement during washing.

Does the Defy DTL160 have a stainless steel drum?

Yes. The appliance is fitted with a stainless steel inner drum for durability and regular household laundry use.

Does the Defy DTL160 have hot and cold water connections?

Yes. It features a double water inlet for separate hot and cold water connections. The hoses must be connected to the correct water inlets according to the installation instructions.

What is Fuzzy Control on the Defy DTL160?

Fuzzy Control supports automatic washing management by adjusting washing conditions according to the laundry requirements. The machine also allows manual water level selection.

Does the Defy DTL160 have an Air Dry function?

Yes. The Air Dry function provides a separate spin and air-drying option that helps remove excess moisture from clothes.

Does the Defy DTL160 have a Child Lock?

Yes. The Child Lock function helps prevent accidental operation or changes to the washing machine controls by children.

Does the Defy DTL160 automatically detect an unbalanced load?

Yes. Auto Balance Detection identifies uneven laundry distribution during spinning and attempts to redistribute the load automatically. If the imbalance remains, the laundry may need to be rearranged manually.

What is the colour of the Defy DTL160 washing machine?

The Defy DTL160 features a Manhattan Grey exterior with a black glass top lid.

Is the Defy DTL160 suitable for family use?

Yes. Its 14kg capacity, multiple washing programmes and adjustable water level settings make it suitable for households with substantial everyday laundry requirements.

What are the dimensions of the Defy DTL160?

The manufacturer's listed dimensions are 99.2 cm high, 59.5 cm wide and 61 cm deep. Allow additional space for the water connections and installation.
