Overview:

This ShareCenter DUO is one of D-Link's next generation NAS addressing to the high-end 4-bay Consumer NAS market, We are introducing into the market a new NAS/iSCSI hybrid. Allowing both NAS and iSCSI technology on a single box (but on dedicated volumes) offers a feature rich box with fast transfer rates (iSCSI) and still provides NAS features such as Built-in FTP Server, UPNP AV server for Media streaming and more.
