

DP-FDC-XF80

Deep Cool XFAN 80mm Case fan - Black

Product Overview

Deep Cool XFAN 80mm Case fan - Black, 1800 rpm fan Speed, 21.8cfm Maximum Air Flow, Hydro bearing Type

Specifications

Overview Summary:

The DeepCool XFAN 80mm Case Fan in black delivers precise and quiet cooling for your PC. With 1800RPM and 21.8CFM airflow, it efficiently expels hot air, maintaining optimal system temperatures. Its hydro bearing ensures durability and silent operation, making it ideal for home or office setups. Compact 8 x 8 x 2.5 cm design fits most small PC cases effortlessly. Shop now to enhance your computer's performance with reliable cooling.

This fan is perfect for PC enthusiasts and technicians needing stable airflow without added noise. Easy to install with included mounting screws, it guarantees consistent performance and energy-efficient operation. Buy now and protect your components from overheating.

Performance tier:Standard

Uses:PC cooling, small form factor cases, silent operation, airflow management, component protection

Overview:**DeepCool XFAN 80mm Case Fan - Efficient Cooling for Compact Builds**

Maintain your system's temperature with precise airflow control using the DeepCool XFAN 80mm case fan. Operating at 1800 RPM, this fan ensures consistent heat dissipation while remaining quiet and energy-efficient.

Description:

The DeepCool XFAN 80mm fan delivers 21.8 CFM of airflow to keep your PC cool. Its hydro bearing provides long-lasting durability, while the low 20.3 dB(A) noise level ensures minimal distraction. Compact and compatible with small cases, it draws minimal power for efficient operation. Ideal for compact PCs, home offices, and workstation setups, this fan optimizes air circulation and prevents overheating.

Features:**Consistent Airflow for Small PC Cases**

This 80mm fan is engineered to prevent heat buildup in tight enclosures. By moving air effectively in confined spaces, it protects critical components like chipsets and power supplies from overheating. The steady 21.8 CFM airflow prevents thermal throttling, keeping your processor and memory operating at peak efficiency.

Quiet Operation for Focused Environments

Designed with low-noise performance in mind, the XFAN operates at just 20.3 dB(A), making it perfect for offices, home setups, or quiet workstations. You get reliable cooling without the distraction of loud fan noise.

Durable Hydro Bearing for Long-Term Use

The fan's hydro bearing minimizes friction, ensuring stable performance over thousands of hours. This robust design supports continuous 1800 RPM operation, making it a dependable component in your system's cooling setup.

Optimized Heat Management

The XFAN 80mm efficiently draws heat away from critical areas, maintaining optimal operating temperatures even in dense configurations. Its compact 8 x 8 x 2.5 cm size fits easily into small chassis and drive cages, delivering precise cooling where it's needed most.

Key Advantages

- Maintains a stable 1800 RPM for consistent cooling
- Reduces vibrations for steady, quiet airflow
- Starts quickly at a minimal 7VDC voltage
- Fits compact setups with 8 x 8 x 2.5 cm dimensions
- Operates efficiently, drawing only 0.08A

Technical Details

- Power Input: 0.96W
- Fan Speed: 1800 +/-10% RPM
- Maximum Air Flow: 21.8 CFM
- Noise Level: 20.3 dB(A)
- Bearing Type: Hydro Bearing
- Rated Voltage: 12VDC
- Operating Voltage: 10.8-13.2VDC
- Start Voltage: 7VDC
- Rated Current: 0.08 +/-10%A
- Color: Black

Product Specification Sheet

- Dimensions: 8 x 8 x 2.5 cm
- Weight: 82g

Package Contents

- DeepCool XFAN 80mm Case Fan - Black x1
- Mounting Screws x4

Why Choose DeepCool

DeepCool specializes in thermal solutions designed for real-world computing needs. Our products prioritize functionality and durability, delivering reliable cooling performance for compact and demanding setups. Choosing DeepCool means investing in components that maintain efficiency and quiet operation throughout their lifespan.

Specifications	
Product Code	DP-FDC-XF80
Power Input	0.96W
Fan Speed	1800+/-10%RPM
Max. Air Flow	21.8CFM
Noise	20.3dB(A)
Bearing Type	Hydro Bearing
Rated Voltage	12VDC
Operating Voltage	10.8~13.2VDC
Started Voltage	7VDC
Rated Current	0.08+/-10%A
Colour	Black
Product Dimensions	8 x 8 x 2.5 cm
Product Weight	82g
