Ugreen DisplayPort Male to VGA Female converter

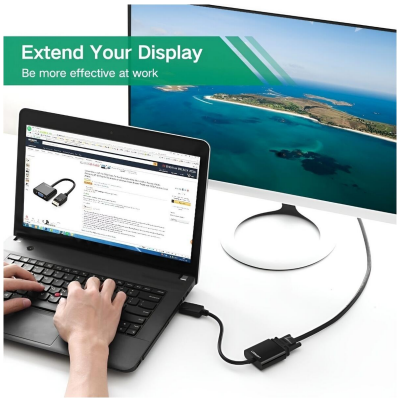

Product Overview

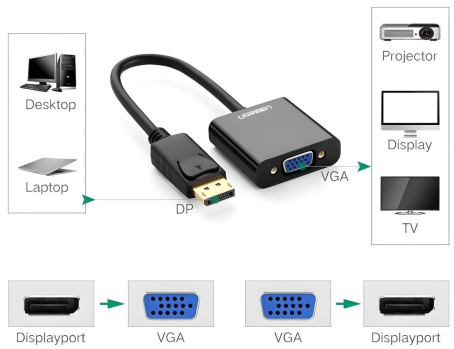

Ugreen DisplayPort Male to VGA Female converter, ANX9833 Chipset, DisplayPort (DP) Male Input, VGA Female Output, Up to 1920x1080 @60Hz supported Resolution

Specifications

Overview:

The UGREEN DisplayPort Male to VGA Female Converter is the perfect solution for connecting modern DisplayPort-enabled devices to legacy VGA displays, projectors, or monitors. Whether you're setting up a dual-display workstation, or delivering presentations, this adapter ensures smooth, high-quality video transmission.

With its built-in ANX9833 chip, the converter efficiently translates digital DisplayPort signals into a VGA analog signal without the need for external power or complex configurations. Supporting resolutions up to 1920x1080@60Hz, it delivers crisp, clear visuals.

Designed for broad compatibility, the adapter works with a wide range of DisplayPort devices, including laptops, desktop computers, and docking stations. Its compact and lightweight design makes it easy to carry, ensuring a hassle-free plug-and-play experience wherever you go. Built with multiple internal shielding and an ABS casing, the UGREEN DisplayPort to VGA converter minimises signal interference while maintaining durability for long-term use.

Features:

- Plug and play
- Full HD 1920 x 1080@60Hz VGA output
- Durable & reliable build
- Broad device compatibility with DP & VGA enabled devices

WHAT'S IN THE BOX:

- UGREEN DisplayPort Male to VGA Female Converter x1
