

DS-3WR30X

Hikvision DS-3WR30X AX3000M Dual-Band WiFi 6 Wireless Router

Product Overview

Hikvision DS-3WR30X AX3000M Dual-Band WiFi 6 Wireless Router, 2402 Mbps @ 5GHz, 3574 Mbps 2.4GHz, 4x Gigabit adaptive WAN/LAN Ports, 5x High Gain antennas, Hik-Connect, Hik-partner Pro App, 256 Maximum connections, MU-MIMO supported, Beamforming supported, Operating mode - Router mode / Wireless extender mode / Access Point mode

Specifications

Overview Summary:

The Hikvision DS-3WR30X AX3000M WiFi 6 Wireless Router offers high-speed, stable connectivity for large homes and office environments. With a max speed of 3000Mbps, it supports up to 256 devices simultaneously, making it perfect for demanding applications like streaming, gaming, and remote work. Featuring dual-band technology, five high-gain antennas, and advanced MU-MIMO and Beamforming technologies, it ensures optimal performance across multiple devices. Flexible operation modes allow it to function as a router, wireless extender, or access point, catering to a variety of network needs. Shop now for reliable, high-speed WiFi performance.

Performance tier:Premium

Uses:Home networking, office networking, gaming, streaming, remote work, multi-device environments

Overview:**Hikvision DS-3WR30X AX3000M Dual-Band WiFi 6 Wireless Router: High-Speed Connectivity for Homes and Offices**

The Hikvision DS-3WR30X AX3000M is an advanced WiFi 6 wireless router designed to deliver superior performance and seamless connectivity for modern homes and businesses. Whether you're streaming high-definition content, gaming, or working remotely, this router provides fast and reliable internet speeds with its dual-band support and cutting-edge technology.

Description:

This WiFi 6 router is engineered to support the latest high-speed internet demands with speeds up to 3000Mbps. The dual-band functionality ensures optimal performance by offering 2402Mbps on the 5GHz band and 574Mbps on the 2.4GHz band. With its high-capacity design, the DS-3WR30X can support up to 256 devices simultaneously, making it perfect for large households or office environments. It features five high-gain antennas that improve range and signal stability, while MU-MIMO and Beamforming technologies provide efficient data transmission across multiple devices. The versatile router can be used in Router Mode, Wireless Extender Mode, or Access Point Mode, allowing for flexibility in various network setups.

Features:**Key Benefits of the Hikvision DS-3WR30X Router**

- High-Speed Performance: With a maximum speed of 3000Mbps, this router ensures seamless browsing, streaming, and gaming with minimal lag.
- Dual-Band Technology: Enjoy the convenience of both 2.4GHz and 5GHz bands, optimized for different devices and tasks. The 5GHz band offers faster speeds for high-demand activities, while the 2.4GHz band provides stable connections over longer distances.
- Extended Coverage: The router's five high-gain antennas help improve signal strength and extend coverage across your home or office.
- Supports a Large Number of Devices: It can handle up to 256 simultaneous connections, making it ideal for households or workspaces with many connected devices.
- Advanced Management with Hik-Connect and Hik-Partner Pro Apps: Easily manage your network settings and monitor device activity using the dedicated mobile apps.
- Versatile Operation Modes: Whether you need a standard router, a wireless extender, or an access point, this model can be switched between different operating modes to meet your needs.
- MU-MIMO and Beamforming Support: These technologies ensure better performance when multiple devices are connected by prioritizing bandwidth and optimizing data flow.

Why Choose the Hikvision DS-3WR30X Router

Whether you're upgrading your home network or enhancing your business infrastructure, the Hikvision DS-3WR30X offers a perfect combination of speed, reliability, and scalability. Its high-speed WiFi 6 technology ensures that your devices receive the best possible connection, even when multiple users are online simultaneously. With the ability to manage your network easily via the Hik-Connect and Hik-Partner Pro apps, this router provides a user-friendly experience with robust performance.

Advanced Technology for Optimal Performance

With support for the latest WiFi 6 standard, the DS-3WR30X is designed to meet the growing needs of modern networks. The router utilizes MU-MIMO and Beamforming technologies to improve connection stability and ensure your devices get the maximum possible bandwidth.

Flexible Network Setup Options

The versatile design of the Hikvision DS-3WR30X allows you to configure it in multiple modes. Whether you need it as a primary router, a wireless extender, or an access point, you can easily adapt it to your specific networking requirements.

Ideal for Large Homes and Offices

With support for up to 256 connections and five high-gain antennas, the DS-3WR30X is an excellent choice for large households or office environments with many connected devices. The router can handle high data demands, ensuring that

every device stays connected with minimal interference.

Reliable and Easy-to-Use App Management

Managing your network has never been easier. The Hik-Connect and Hik-Partner Pro apps provide a simple, intuitive way to monitor and adjust your router's settings from your smartphone, allowing you to manage your network remotely.

Versatile Wireless Options for Every Need

This router is adaptable to various needs, whether you are using it as a primary router, a wireless extender to boost your coverage, or an access point to extend your network reach. It's perfect for users who require flexibility in their network setup.

The Hikvision DS-3WR30X AX3000M Dual-Band WiFi 6 Wireless Router offers all the advanced features you need for a fast, reliable, and scalable network solution, making it the ideal choice for modern households and businesses.

Specifications

Product Code	DS-3WR30X
General	
Product Dimension (W x H x D)	281.7 mm x 145.0 mm x 204.1 mm
Package Dimension (W x H x D)	365 mm x 340 mm x 73 mm
Net Weight	0.40 kg
Packing List	3000Mbps Wi-Fi6 Router x 1
	Power Supply Adaptor x 1
	CAT5e Network Cable x 1
	Quick Start Guide x 1
	Regulatory Compliance and Safety Information x 1
Packing Method	Single pack
Working Temperature	0 degreesC to 40 degreesC (32 degreesF to 104 degreesF)
Working Humidity	10% to 90% RH non-condensing
Storage Temperature	-40 degreesC to 70 degreesC (-40 degreesF to 158 degreesF)
Storage Humidity	5% to 95% RH non-condensing
Installation Mode	Desk-Mounted,Wall-Mounted
Max. Power Consumption	<=12 W
Gross Weight	0.790 kg
Wireless Parameter	
Wireless Standard	IEEE 802.11a/n/ac/ax @5GHz
	IEEE 802.11b/g/n/ax @2.4GHz

ComX Computers

Product Specification Sheet

Transmitting Power	CE:
	< 20dBm(2.4GHz)
	< 23dBm(5GHz)
Receiving Sensitivity	5GHz:
	-89dBm@HE80-MCS0
	-60dBm@HE80-MCS11
	2.4GHz:
	-93dBm@HT40-MCS0
	-73dBm@HT40-MCS7
Antenna	5 high gain antennas
Wireless Range	Up to 1506 ft²/140 m²
	(Recommend coverage for home use, actual Wi-Fi range varies depending on the layout and wall materials)
Max. Connections	256
Recommended Connections	60
Wireless Features	Dual Band Supported
	MU-MIMO supported
	Beamforming supported
	OFDMA supported
Antenna Gain	5dbi
Max. Wi-Fi Speed	<= 3000 Mbps
	5GHz: 2402Mbps
	2.4GHz: 574Mbps
Hardware Parameter	
Network Interface	1 x 10/100/1000 Mbps Adaptive WAN Port
	3 x 10/100/1000 Mbps Adaptive LAN Ports
LED Indicator	LED indicator
Power Supply Method	Power Supply Adapter
Power Specifications	DC 12 V, 1 A
Button	Reset button, WPS/MESH Button
RAM	256MB
ROM	128MB
Software Function	
Security Mode	WPA2-PSK,WPA/WPA2-PSK supported
DHCP	DHCP Client List
	DHCP Server
