

DS-D5ABKY2-B

Hikvision Mobile bracket suitable for 86" - 98" displays

Product Overview

Hikvision Mobile bracket suitable for 86" - 98" displays, DS-D5ABKY2-B, Silver Gray Colour, SPCC high quality Steel plate material, 135kg capacity, 1610 x 749 x 1710mm shelf size

Specifications

Overview Summary:

The Hikvision DS-D5ABKY2-B is a sturdy mobile bracket designed for 86-98 inch conference displays. Made from high-quality SPCC steel with a silver gray finish, it supports displays weighing up to 135kg and provides a practical solution for professional meeting environments.

Designed for reliable installation and mobility, this conference display bracket is suitable for offices, boardrooms, training rooms and presentation spaces. Buy now or shop now for a durable mounting solution for large Hikvision conference panels.

Performance tier:Professional

Uses:conference rooms, boardrooms, meeting rooms, training rooms, presentation spaces, large display mounting

Overview:

The Hikvision DS-D5ABKY2-B is a heavy-duty mobile bracket designed for 86 inch to 98 inch conference flat panel displays. Built from high-quality SPCC steel and finished in silver gray, it provides a stable and practical mounting solution for meeting rooms, boardrooms, training spaces and professional presentation environments. With a load capacity of up to 135kg, the bracket is designed to securely support large conference displays while providing a mobile setup that can be repositioned when required.

Description:

The Hikvision DS-D5ABKY2-B mobile bracket combines a strong steel construction with a large shelf area to support professional conference display installations. Its mobile design makes it suitable for environments where a large screen may need to be moved between different positions or rooms. The 135kg capacity provides substantial support for compatible 86 inch and 98 inch conference flat panels, while the silver gray finish gives the unit a clean appearance suited to modern

commercial installations.

Features:

Hikvision Mobile Bracket for Large Conference Displays

Designed for large-format displays, this Hikvision bracket is suitable for 86 inch and 98 inch conference panels. It is particularly useful in corporate meeting rooms, education facilities, training centres and other professional spaces where flexible display positioning is important.

The bracket uses SPCC high-quality steel plate construction and a sheet metal sprayed surface treatment for a durable finish. Its substantial frame is designed to provide reliable support for compatible large displays with a maximum capacity of 135kg.

Key points include:

- Suitable for 86 inch and 98 inch conference flat panel displays
- Mobile bracket design for flexible display positioning
- Maximum load capacity of 135kg
- High-quality SPCC steel plate construction
- Silver gray finish
- Large shelf size of 1610 x 749 x 1710mm
- Suitable for professional conference and presentation environments

Strong Construction for Professional Installations

The SPCC steel plate construction gives the DS-D5ABKY2-B a solid structure for supporting large conference screens. The silver gray finish complements professional environments, while the sheet metal spraying treatment provides a clean and durable exterior.

Its large overall structure is intended for use with sizeable conference displays, making it a practical choice when a standard wall mount is not suitable or when display mobility is required.

Large Display Support and Capacity

With a maximum capacity of 135kg, the Hikvision DS-D5ABKY2-B is designed for substantial conference display installations. The bracket is listed as suitable for 86 inch and 98 inch panels, providing a solution for large-format screens used for presentations, video conferencing, collaboration and digital communication.

Size and Weight

The bracket has a shelf size of 1610 x 749 x 1710mm. The packaged dimensions are 1730 x 800 x 150mm, making the packaging suitable for transporting this large mounting system.

- Shelf size: 1610 x 749 x 1710mm
- Package dimensions: 1730 x 800 x 150mm
- Net weight: 27.3kg
- Gross weight: 31kg
- Available display size: 86 inch
- Colour: Silver gray
- Material: SPCC high-quality steel plate
- Surface treatment: Sheet metal spraying
- Capacity: 135kg

A Practical Choice for Conference Rooms

The mobile format of the Hikvision DS-D5ABKY2-B makes it suitable for spaces where large displays need to remain flexible rather than being permanently fixed to a wall. It can be used in conference rooms, boardrooms, classrooms, training areas and other commercial environments requiring a stable support system for large screens.
