Specifications

Summary Overview:

Upgrade your mobile workspace with the HP EliteBook X Flip G2i, featuring the powerful Intel Core Ultra 7 processor and dedicated AI capabilities. This premium 14-inch convertible laptop is available now in South Africa for professionals seeking top-tier performance, a vibrant 400-nit touchscreen, and all-day battery life.

Experience seamless productivity with 32GB of fast LPDDR5 memory and secure Windows 11 Pro pre-installed. Whether you are attending video conferences or creating content on the go, this device delivers reliable power in a sleek Atmospheric Blue finish. Shop now to secure your next-generation AI PC.

Laptop performance tier: Premium Business

Uses: Business productivity, AI tasks, Video conferencing, Content creation, Mobile office work

Overview:

The HP EliteBook X Flip G2i (Part Number DS9D7ET) redefines the mobile business experience by blending powerful performance with versatile 2-in-1 flexibility. Powered by the latest Intel Core Ultra Series 2 processor, this laptop delivers exceptional speed for demanding AI applications while maintaining efficiency throughout your workday. The sleek Atmospheric Blue design features a durable convertible form factor that easily transitions between laptop, tent, stand, and tablet modes to suit any task or environment.

At its heart lies the Intel Core Ultra 7 258V processor, featuring eight cores including high-performance and low-power efficient cores for seamless multitasking. This next-generation AI PC is equipped with a dedicated Neural Processing Unit (NPU) capable of up to 47 TOPS, enabling advanced local processing for creative tasks and intelligent collaboration features. The system comes pre-loaded with Windows 11 Pro, ensuring you have the latest security updates and business tools ready from day one.

Description

This premium convertible notebook combines speed, security, and style in a compact package designed for modern professionals. It boasts a stunning 14-inch WUXGA touchscreen that delivers crisp visuals with anti-glare technology, perfect for working in various lighting conditions. The device includes 32GB of high-speed LPDDR5 memory and a fast 512GB SSD for quick boot times and smooth application performance. Integrated security features like HP Sure Start and HP Wolf Security provide robust protection against evolving digital threats.

Features:

Key Performance Features

- Intel Core Ultra 7 258V processor with up to 4.8 GHz boost speed

- Dedicated Intel AI Boost NPU for advanced local processing tasks
- 32GB onboard LPDDR5x memory for rapid multitasking
- 512GB PCIe Gen5 NVMe SSD storage with expansion support up to 2TB
- Intel Arc Graphics 140V for enhanced visual performance

Advanced Connectivity and Ports

Stay connected wherever you work with the latest Wi-Fi 7 technology, ensuring a fast and reliable connection even in dense wireless environments. The device supports Bluetooth 5.4 for seamless pairing with peripherals. When it comes to physical connections, this model offers an impressive array of ports including two Thunderbolt 4 USB-C ports capable of 40Gbps data transfer, one standard USB Type-C port at 10Gbps, a full-size USB Type-A port, and HDMI output support.

- 2 x Thunderbolt 4 (USB Type-C) with 40Gbps speed, Power Delivery, and DisplayPort 2.1
- 1 x USB Type-C (10Gbps) with Power Delivery and DisplayPort 1.4
- 1 x USB Type-A port (5Gbps)
- HDMI 2.1 output for external displays
- Headphone/microphone combo jack

Display and Visual Experience

The 14-inch capacitive multi-touch screen offers a WUXGA resolution of 1920 x 1200, providing more vertical space for documents and productivity applications. This non-gloss display features 400 nits brightness and covers 100% of the sRGB color gamut, making it ideal for content creation and comfortable viewing in bright environments without glare.

Battery Life and Power Management

Designed to keep you working all day, this laptop includes a long-life 6-cell battery with efficient power management powered by next-gen AI. The HP Power Manager dashboard allows users to monitor performance and customize charging options to extend battery health over time.

Built-in Security and Camera

Your business data is protected by hardware-enforced security solutions including HP Sure Click, which isolates unsafe content from websites and files. HP Sure Sense uses behavioral analysis to defend against never-before-seen malware attacks, while HP Sure Start automatically recovers the BIOS firmware if it becomes corrupted or attacked.

The integrated 5MP IR webcam with dual array microphones ensures clear video calls. Supported by Poly Camera Pro software, you can utilize smart framing, spotlight functions, and background blur to look your best during virtual meetings without consuming extra processing power.

What's in the box

- HP EliteBook X Flip G2i 14 Series Laptop
- HP Smart 65 W USB Type-C Power Adapter
- HP Garaged AES Pen (Stylus)
- Power cord and documentation

The combination of the Intel Core Ultra processor, robust security suite, and versatile connectivity makes this HP EliteBook a practical choice for professionals who need a reliable tool for hybrid working, business travel, and office productivity.

Specifications:

Product	HP EliteBook X Flip G1i 14-inch Next Gen AI PC (Copilot+ PC)
Product Type	Hybrid (2-in-1)
Form Factor	Convertible (Folder)
Processor Family	Series 2 Intel Core Ultra 7
Processor Model	258V
Processor Frequency	2.20 GHz / Up to 4.80 GHz (12 MB Cache, 8 Cores)
vPro Security	Not Supported

NPU	Intel AI Boost, up to 47 TOPS
Display Diagonal	35.6 cm (14-inch)
HD Type	WUXGA
Display Resolution	1920 x 1200
Display	Touchscreen, IPS, Anti-glare, Low power, 400 nits, 100% sRGB
Internal Memory	32 GB 8533 MHz (Onboard)
Internal Memory Type	LPDDR5X-SDRAM
Memory Slots	Onboard (Not Upgradable)
Max Memory	Up to 32 GB
Total Storage Capacity	512 GB M.2 PCIe Gen5 NVMe
Storage Media	SSD
Storage Slot	1 x M.2
Max Storage Support	Up to 2 TB
On-board Graphics Card Model	Intel Arc Graphics
Keyboard	Backlit, spill-resistant, atmospheric blue HP Premium Keyboard with AI key
Camera	5 MP IR camera with integrated dual array microphones
Security Chip	TPM 2.0 Embedded Security Chip
Stylus Pen	Supported
Operating System Installed	Windows 11 Pro
Connectivity	Intel Wi-Fi 7 BE201 (2x2), Bluetooth 5.4
Battery	HP Long Life 6-cell, 68 Wh Li-ion Polymer
Power Adapter	HP Smart 65 W USB Type-C adapter
Product Colour	Atmospheric Blue
Weight	Starting at 1.4 kg
Ports and Slots	2 x Thunderbolt 4 with USB Type-C 40Gbps, USB Power Delivery, DisplayPort 2.1 and HP Sleep and Charge
	1 x USB Type-C 10Gbps with USB Power Delivery and DisplayPort 1.4
	1 x USB Type-A 5Gbps port (powered)
	1 x HDMI 2.1
	1 x Stereo headphone/microphone combo jack

FAQ

Can I upgrade the RAM or storage later?

The 32GB LPDDR5 memory is soldered onboard and cannot be upgraded, though you can expand storage by replacing the included 512GB SSD with an M.2 drive up to 2TB capacity.

Is this laptop suitable for business travel?

Yes, at just 1.4 kg it is designed as a lightweight convertible 2-in-1 notebook that offers four versatile use modes and runs Windows 11 Pro with enterprise-grade security like HP Sure Start.

Does the screen work well in bright environments?

The 14-inch WUXGA touchscreen features an anti-glare LED display with 400 nits brightness, making it comfortable for everyday business use even in varied lighting conditions.

What connectivity options are available for external monitors and accessories?

You get two Thunderbolt 4 ports supporting USB Power Delivery and DisplayPort 2.1, plus a standard USB Type-C port, a USB Type-A port, an HDMI output, and Wi-Fi 7 for fast wireless connections.

Does the device include a stylus pen?

Yes, this model comes with an HP Garaged AES Pen included in the box, allowing you to use the capacitive multi-touch screen for writing or drawing.
