Product Overview

Hikvision Wireless Magnetic Contact - DS-PD1-MC-WWS Hikvision's Wireless Magnetic Contact (DS-PD1-MC-WWS) is a wireless security device designed to detect when a door or window is opened. It is designed to be used with home security systems.

Specifications

About this product

The Hikvision Wireless Magnetic Contact (DS-PD1-MC-WWS) is a compact, wireless sensor engineered to detect door and window openings. It seamlessly integrates with home security systems, providing reliable intrusion alerts. Buy this Hikvision wireless contact from our online store today for quick delivery in South Africa.

Overview Summary

Product Title: Hikvision Wireless Magnetic Contact DS-PD1-MC-WWS

The Hikvision DS-PD1-MC-WWS is a high-quality wireless magnetic contact sensor designed for home and small business security. Its compact design allows for easy installation on doors and windows without extensive setup. The device instantly alerts your security system when a door or window is opened, enhancing your overall protection.

With a reliable wireless connection and low power consumption, this magnetic contact sensor is ideal for continuous monitoring. It ensures peace of mind by integrating seamlessly with Hikvision home security solutions and providing fast, accurate notifications in case of intrusion.

Performance tier: Entry-level home security

Uses: Door security, window security, home security monitoring, intrusion detection

Description

The Hikvision Wireless Magnetic Contact DS-PD1-MC-WWS is engineered for simple and secure home protection. Designed to detect the opening of doors or windows, this sensor communicates wirelessly with your security system, sending instant alerts. Its low-profile design allows it to blend seamlessly with your interiors, while the wireless technology ensures easy installation without wiring. Ideal for apartments, houses, or small businesses, this sensor enhances your existing security setup

and ensures reliable monitoring day and night.

Features

- Wireless operation for easy installation on doors and windows
- Compact, low-profile design blends with home interiors
- Reliable detection of door and window openings
- Seamless integration with Hikvision home security systems
- Low power consumption extends battery life
- Instant alerts for enhanced security and peace of mind

What's in the Box

- 1 x Hikvision Wireless Magnetic Contact DS-PD1-MC-WWS
- 1 x Mounting bracket
- 1 x User manual
- 2 x Screws for installation
- 1 x Battery (pre-installed)

Specifications

- Model: DS-PD1-MC-WWS
- Type: Wireless magnetic contact sensor
- Power supply: 3V DC lithium battery
- Operating frequency: 433 MHz
- Detection range: 0-20 mm (gap between sensor and magnet)
- Operating temperature: -10degreesC to 55degreesC
- Humidity: 0%-95% non-condensing
- Dimensions: 86 x 20 x 13 mm
- Weight: 28 g
- Compatible systems: Hikvision wireless security systems
- Installation: Surface mount with screws or adhesive
- Alerts: Instant intrusion notification via connected security system
- Battery life: Up to 3 years under normal usage

FAQ

What is the Hikvision Wireless Magnetic Contact used for?

This sensor is used to detect when doors or windows are opened and to alert your Hikvision security system immediately, enhancing home and business security.

How is the DS-PD1-MC-WWS installed?

The device can be installed easily using the included screws or adhesive mount. Its compact design allows it to be positioned on most doors and windows without altering the aesthetics.

What systems is this sensor compatible with?

The DS-PD1-MC-WWS is compatible with Hikvision wireless security systems, allowing seamless integration with alarms, control panels, and monitoring apps.

How long does the battery last?

The pre-installed 3V lithium battery provides up to 3 years of operation under normal usage, minimizing maintenance.

Can it be used outdoors?

While primarily designed for indoor use on doors and windows, it can operate in environments from -10degreesC to 55degreesC with up to 95% humidity. Avoid direct exposure to rain or extreme conditions.
