DTHXP30/1TB

Kingston DataTraveler HyperX Predator 1TB USB 3.0 Flash Drive

Product Overview

Kingston DTHXP30/1TB DataTraveler Datatraveler HyperX Predator - USB 3.0 (USB 2.0 backwards compatible) with 8-channel design, 1024Gb/ 1Tb flash drive, Zinc alloy metal casing, capless design

Specifications

Overview:

The most powerful hyperx usb flash drive combines extreme speed with high capacity
Kingston's datatraveler hyperx predator usb flash drive offers the fastest speeds from kingston and the highest capacities available in the world. Speeds up to 240mb/s read and 160mb/s write* (in usb 3.0) mean users can quickly access, edit and transfer their files and applications directly from the drive with no performance lag. Capacities up to 1tb** allow users to store their entire digital world on the dt hyperx predator.

High performance with backwards compatibility
This prestigious drive is compliant with next-generation usb 3.0 specifications to take advantage of usb 3.0 ports in newer notebooks and desktops, and it includes a usb 3.0 dongle. It's also backwards compatible with usb 2.0 systems to maximize current investments.

Zinc alloy metal casing resilient protection for data
Dt hyperx predator offers superior quality in a high-end design. Its zinc alloy metal casing makes it shock-resistant; all drives must pass extensive durability and shock testing. It also features a custom kingston key ring and hyperx valet keychain for added value.

Will the datatraveler hyperx predator work with your usb 2.0 ports?
It's backwards compatible with existing usb 2.0 ports, allowing 2.0 users to migrate to 3.0 in the future without replacing their drive.

Why do you need the faster speeds of usb 3.0?

- Usb 3.0 helps you save more time and usb 3.0* drive transfers files faster than usb 2.0 drives.
- Depending on the type of files you transfer, usb 3.0 can save you a lot of time compared to standard usb 2.0 drives.

Features:

- Highest capacities - uncompromised data storage to carry your digital world on a portable usb drive
- Highest performance - unparalleled speeds to save time while transferring content rich data
- Usb 3.0 - latest usb standard guarantees backwards compatibility with usb 2.0
- Zinc alloy metal casing - resilient protection for data in a cutting-edge design
- Hyper valet keychain - exclusive accessory for a stylish twist to portable storage
- Backwards compatible with usb 2.0
- Speed usb 3.0: 240mb/s read and 160mb/s write usb 2.0: 30mb/s read and 30mb/s write (speed may vary due to host hardware, software and usage)
