DVI-VGA1.8M

UniQue DVI Male to VGA Female 1.8m Cable

Product Overview

UniQue DVI Male to VGA Female 1.8m Cable. Please Note: The DVI connector on this cable can only be inserted into a DVI-I interface.

Specifications

Description
UniQue DVI Male to VGA Female 1.8M Cable, OEM, No Warranty

Product Overview
Stuck with a DVI connector on your video card and just a VGA input on your monitor? This UniQue DVI-I 24 + 5 pin male connector to VGA D-Sub 15 pin female connector with 1.8M Cable length accepting both digital and analogue signals fits into your available dual-link DVI-I output and converts the signal to a 15-pin VGA (female) connector, making it possible to use your VGA display with a DVI graphics card.

Can also be used to connect to an existing VGA cable for extra distance to a DVI monitor. It also allows for the connection of legacy equipment or cables to newer devices.

Digital Visual Interface (DVI) is the standard interface for high-performance connection between PCs and flat panel displays, CRT displays, projectors, and HDTV. This video cable is fully compliant with the DVI standard defined by DDWG (Digital Display Working Group). Three analog 30 AWG coaxial lines enable high speed analog transmission.

Please Note: The DVI connector on this cable can only be inserted into a DVI-I interface.

Features:

- 1.8 metres length (approximate)
- Connector A 1 - DVI-I (29 pin) Male
- Connector B 1 - VGA (15 pin; High Density D-Sub) Female
- Supports Resolutions up to 1920 x 1200
