AOC Razor LED Series 23" Wide LED Monitor

Specifications

Features:

- AOC presents its most cutting-edge design: "Razor" e2343F2k features an ultra slim cabinet measuring just 12.9mm thin.
- The sharp 23" LED panel has an Ultra-High Dynamic Contrast Ratio (DCR) of 50,000,000:1, revealing darker image areas in greater depth than ever before.
- The mercury (Hg) free LED backlight saves up to 50% of the energy compared with a traditional 4 CCFL screen.
- Power is further reduced by the "e-Saver" technology, which enables the user to set the monitor to a lower power configuration when the PC is in screen saver mode or powered off, or even if the user is simply away for a while.
- The illuminated touch key controls, along with graphical OSD menu icons, make monitor adjustment user-friendly.
- The base doubles as a unique smart wall-mount that saves space and retains a Tilt function for ergonomic viewing.
- With 2ms response time, earphone jack and two HDMI connectors, e2343F2k is ideal for professional and home users.
