Cooler Master Elite 302 Micro-ATX Case + 3x 120mm ARGB - White

Product Overview

Cooler Master Elite 302 Micro-ATX Case + 3x 120mm ARGB - White, 4 Expansion slots, 1 3.5" Drive bays, 1 2.5" Drive bays, I/O panel - USB Ports 1x USB 3.2 Gen1 Type-A / 1x USB 3.2 Gen1 Type-C / 1x 3.5mm Combo (Audio + Mic), 163.5mm clearance - CPU Cooler, 160mm clearance - PSU, 365mm clearance - Graphics, 18.5mm cable routing

Specifications

Overview Summary:

The Cooler Master Elite 302 Micro-ATX Case in white offers a smart balance of performance, airflow and value for South African PC builders. Designed for Micro-ATX and Mini-ITX motherboards, this compact mini tower features three pre-installed 120mm ARGB fans, a large intake grill and excellent component clearance to keep your system running cool and stable. With support for graphics cards up to 365mm and CPU coolers up to 163.5mm, it's ready for powerful modern hardware.

A tempered glass side panel, clean PSU cover and practical cable routing make it easy to build a neat, professional-looking system. Front I/O includes USB 3.2 Gen1 Type-A, USB 3.2 Gen1 Type-C and a 3.5mm audio combo jack for convenient connectivity. Whether you're upgrading or building from scratch, buy now and create a reliable, stylish PC with the Elite 302. Shop now and complete your build with confidence.

Performance tier:Mid-range

Uses:Gaming PC builds, home office computers, student desktops, entry-level content creation systems, general purpose desktop setups

Overview:

The Cooler Master Elite 302 Micro ATX case is designed to deliver practical performance and modern styling in a compact mini tower format. Built for gamers and everyday PC users alike, it balances airflow, component compatibility, and clean aesthetics at an accessible price point. With a large front intake grill and three pre installed 120mm ARGB fans, the Elite 302 keeps your system running smoothly while adding vibrant lighting to your setup. A tempered glass side panel and PSU cover help create a tidy, professional looking build that stands out on any desk.

Description:

The Cooler Master Elite 302 is a space efficient Micro ATX PC case built for reliable airflow and streamlined cable management. It includes three 120mm ARGB front fans, supports powerful graphics cards up to 365mm, and accommodates both air and liquid cooling solutions. With USB 3.2 Gen1 Type A and Type C connectivity on the front panel, tempered glass side panel, and multiple dust filters, it offers a clean, modern platform for gaming or productivity builds in a compact footprint.

Features:

Compact Micro ATX Case with Smart Layout

Designed as a mini tower, the Elite 302 supports both Mini ITX and Micro ATX motherboards, making it ideal for space conscious setups without limiting upgrade potential. Its steel construction ensures durability, while the tempered glass side panel provides a clear view of internal components and ARGB lighting.

Key physical details:

- Dimensions including protrusions: 390 x 203.5 x 430mm
- Volume: 34.13L
- Expansion slots: 4
- Exterior color options: Black or White
- Materials: Steel chassis with tempered glass side panel

The compact size makes it suitable for home offices, gaming desks, and dorm rooms where space is limited but performance still matters.

Optimized Airflow with 3x 120mm ARGB Fans

Airflow is a priority in the Cooler Master Elite 302. A large front intake grill works together with three pre installed 120mm ARGB fans to ensure steady cooling for your CPU and GPU.

Cooling support includes:

- Front: up to 3 x 120mm fans
- Top: up to 2 x 120mm or 2 x 140mm fans
- Rear: 1 x 120mm fan

For liquid cooling enthusiasts, radiator compatibility offers flexibility:

- Front: 120mm, 240mm, or 360mm radiator (360mm supported within 60mm thickness)
- Top: 120mm, 140mm, 240mm, or 280mm radiator
- Rear: 120mm radiator

This range of cooling options makes the Elite 302 suitable for both entry level air cooled systems and more advanced liquid

cooled builds.

Component Clearance for Modern Hardware

Despite its compact footprint, the Elite 302 provides generous internal clearance to support powerful hardware.

Clearance allowances:

- CPU cooler height: up to 163.5mm
- Graphics card length: up to 365mm (without front fans and radiator)
- PSU length: up to 160mm
- Cable routing space: 18.5mm

These dimensions allow builders to install high performance GPUs and efficient tower air coolers without compromising airflow or cable management.

Storage and Expansion Flexibility

The case includes essential storage support for gaming and productivity builds:

- 1 x 3.5 inch drive bay
- 1 x 2.5 inch drive bay (up to 2 supported)
- No 5.25 inch bays

Four expansion slots provide room for graphics cards and additional expansion cards, making it adaptable to a range of configurations.

Front I O Connectivity for Everyday Use

The front I O panel ensures convenient access to modern connectivity options:

- 1 x USB 3.2 Gen1 Type A
- 1 x USB 3.2 Gen1 Type C
- 1 x 3.5mm combo audio and mic jack

This combination supports fast data transfers, modern peripherals, and easy headset connectivity without reaching behind the case.

Clean Build Design with Practical Details

A fully coated interior and included PSU cover help maintain a neat internal layout. Dedicated cable routing space behind the motherboard tray improves airflow and reduces clutter. Dust filters at the top, bottom, and front help keep internal components cleaner over time, reducing maintenance and improving long term reliability.

As part of the Cooler Master Elite Series, the Elite 302 Micro ATX case delivers a well balanced mix of airflow, compatibility, and modern design. Whether you are building a budget gaming PC or a compact productivity system, it provides the flexibility and cooling support needed for a dependable and visually appealing setup.

Product Specification Sheet

Model Number	ELITE 302 White: E302-WGNN-S00
Exterior Color	Black, White
Materials - Exterior	Steel
Materials - Side panel (Right / Left)	TG / Steel
Dimensions (L x W x H)	390 x 203.5 x 430mm (Incl. Protrusions), 377 x 203.5 x 410mm (Excl. Protrusions)
Volume (incl. Protrusions)	34.13L
Motherboard Support	Mini-ITX, Micro-ATX
Expansion Slots	4
5.25" Drive Bays	N/A
3.5" Drive Bays	1
2.5" Drive Bays	1 (Max. 2)
I/O Panel - USB Ports	1x USB 3.2 Gen1 Type A, 1x USB 3.2 Gen1 Type C
I/O Panel - Audio In / Out	1x 3.5mm Combo (Audio + Mic)
Fan Support - Front	3x 120mm
Fan Support - Top	2x 120mm / 2x 140mm
Fan Support - Rear	1x 120mm
Pre-installed Fans - Front	Black: 3x 120mm ARGB Black, White: 3x 120mm ARGB White
Pre-installed Fans - Top	N/A
Pre-installed Fans - Rear	N/A
Radiator Support - Front	120 / 240 / *360 mm (*Supported within 60mm thickness)
Radiator Support - Top	120 / 140 / 240 / 280mm
Radiator Support - Rear	120mm
Clearance - CPU Cooler	163.5mm
Clearance - PSU	160mm
Clearance - GFX	365mm (without front fans & radiator)
Cable Routing	18.5mm
Dust Filters	Top / Bottom / Front
Power Supply Support	ATX
Size	Mini Tower
Series	Elite Series
