Icydock MB664UEA-1S White + Silver Tool-less 3.5" SATA Hard Drive FireWire 400 & USB 2.0 Combo External Enclosure

Product Overview

ICYDOCK MB664UEA-1S, pearl white + silver, multi-drive ex-changeability with hot swappable screw-less design, ultra-thin (132x90x32mm) + anti-shank design, SATA to USB 2.0+ Firewire, 3.5" external enclosure, aluminum, built-in stand, latch-lock, with security slot for cable lock, bundled with external e-SATA adapter (connect from on board s-ata to PCI back plate); support icydock Hybrid external adapter (e-SATA + ac power connector on PCI bracket)

Specifications

About this product

The ICYDOCK MB664UEA-1S external enclosure offers fast and flexible storage expansion for desktop users, technicians, and data professionals. Designed with a hot swappable screw-less system, this 3.5" SATA enclosure supports quick drive exchangeability with USB 2.0 and FireWire connectivity for broad compatibility. Its ultra-thin aluminum body improves cooling while maintaining a compact footprint. Buy online today for quick delivery in South Africa and simplify your external storage setup.

Overview Summary

ICYDOCK MB664UEA-1S 3.5" External SATA Enclosure

The ICYDOCK MB664UEA-1S is a compact external enclosure built for users who need reliable and convenient access to 3.5" SATA hard drives. Featuring a screw-less and hot swappable design, this enclosure allows quick drive installation and removal without tools, making it suitable for backups, maintenance, and data transport tasks.

Constructed with an aluminum body and passive cooling design, the enclosure helps maintain stable operating temperatures while operating quietly. USB 2.0 and FireWire interfaces provide compatibility with older and legacy systems, while the included external e-SATA adapter offers additional connectivity flexibility for faster SATA-based access.

The slim profile, integrated stand, latch-lock mechanism, and built-in security slot make the enclosure practical for both office and professional environments where secure and organized external storage is required.

Performance tier:Entry-level external storage enclosure

Uses:External backups, drive swapping, SATA drive access, desktop storage expansion, maintenance tasks, archival storage

Description

The ICYDOCK MB664UEA-1S is designed for users who require a reliable and efficient way to access, store, and transport 3.5" SATA hard drives externally. Its screw-less mechanism allows users to install or remove compatible drives quickly without the need for additional tools, reducing setup time and improving workflow efficiency.

The enclosure supports hot swappable functionality, making it suitable for environments where drives need to be exchanged regularly for backups, maintenance, or project-based storage. Its compact and ultra-thin design allows it to fit neatly into desktop setups while the included stand supports both horizontal and vertical positioning.

The aluminum housing improves heat dissipation through passive cooling while maintaining quiet operation without internal fans. USB 2.0 and FireWire connectivity ensure compatibility with a wide range of legacy and professional systems. The

Product Specification Sheet

included e-SATA adapter expands connectivity options for compatible motherboards and systems that support SATA-based external connections.

Additional features such as the latch-lock mechanism and built-in security slot improve physical drive security, making the enclosure suitable for office, studio, and professional workstation environments.

Features

The ICYDOCK MB664UEA-1S combines practical storage functionality with a compact professional design.

- Supports 1 x 3.5" SATA I or SATA II hard drive
- Hot swappable design for easy drive exchangeability
- Screw-less installation system for quick setup
- USB 2.0 and FireWire 400 host connectivity
- Bundled external e-SATA adapter for SATA connectivity
- Ultra-thin aluminum enclosure improves passive cooling
- Supports both horizontal and vertical placement
- Built-in stand included for space-saving installation
- Latch-lock system helps secure installed drives
- Integrated security slot supports cable locks
- Fan-less operation for quieter performance
- Compatible with PC and Mac operating systems

What's in the Box

- ICYDOCK MB664UEA-1S external enclosure
- External power adapter
- USB 2.0 cable
- FireWire cable
- External e-SATA adapter bracket
- Vertical stand
- User manual

Specifications

Model Number	MB664UEA-1S
Color	Pearl White
Chipset	Oxford924DSA
Drive Fit	3.5" SATA I, II & III HDD
Host Interface	FireWire400 + USB2.0 combo
Transfer Rate	Up to 480 MB/Sec. via USB 2.0 connection
	Up to 400 MB/Sec via FireWire 400 connection
Insert & Extract connection Via	Direct SATA hard drive connection
Structure	Aluminum body w/ partial plastic
Drive Cooling	Aluminum heat dispersion w/ top ventilation panel
LED Indication	Device Power: White LED
	Drive Activity: Flasing White LED

OS Requirement	Windows 98/SE/ME/2000/XP/VISTA/7
	Mac OS 9.0 or higher
Dimension (L x W x H)	134 x 32 x 190 mm

FAQ

What type of drives does the ICYDOCK MB664UEA-1S support?

The enclosure supports 1 x 3.5" SATA I or SATA II hard drive.

Does this enclosure support hot swapping?

Yes. The enclosure features a hot swappable design for fast drive replacement and maintenance.

Can the enclosure operate without tools?

Yes. The screw-less design allows easy hard drive installation and removal without additional tools.

What connection interfaces are available?

The enclosure supports USB 2.0 and FireWire 400 connectivity and includes an external e-SATA adapter bracket.

Is the enclosure suitable for backup storage?

Yes. The enclosure is suitable for backups, archival storage, external drive access, and maintenance applications.

Does the enclosure include cooling?

The aluminum body provides passive heat dissipation for quieter fan-less operation.

Can the enclosure be positioned vertically?

Yes. The included stand supports vertical placement to save desk space.
