

EH-A512SE760

Adata SE760 series 512Gb black USB3 Gen2 External TLC SSD

Product Overview

Adata ASE760-512GU32G2 SE760 series, external TLC SSD 512Gb black, USB3 Gen2(10Gbps / 1000mb/sec) type-C+ type-A, metallic housing with hairline-brushed finish, 122x44x14mm, with OStoGO + HDDtoGo utilities + 60days trial Norton internet security

Specifications

Overview:

The SE760 external SSD combines elegant aesthetics with high-speed performance. What's more, the SSD sports a clean, streamlined design characterized by a sturdy metal shell with a clean hairline-brushed surface. Using the USB 3.2 Gen 2 interface the SE760 delivers read speeds of up to 1000 MB/s.

Features:

Speedy Performance

With USB 3.2 Gen 2, the SE760 sports read speed of up to 1,000 MB/s, which is up 12.5 times* faster than an external hard drive. It'll only take you 10 seconds to transfer a 10GB 4K movie. Now that's fast.

USB-C - It's Always the Right Way

The SE760 uses a USB-C (Type C) connector, which is reversible. There's no annoying up or down like with older USB connectors. No guessing, plug it in the first time. Every time.

Share and Enjoy Across Devices

Plug n play with Windows, Mac OS, and Android means you can move content between devices without limitations. Whether for work or enjoyment, the SE760 empowers you with simple connectivity and the convenience of USB-C.

Get Gaming Faster

Are your games taking forever to load? With the SE760 store your games and load them faster.

Beautifully Crafted

The SE760 features a beautiful metal shell with an understated hairline-brushed that looks and feels exquisite.

Smaller, Quieter, More Reliable

ComX Computers

Product Specification Sheet

With no mechanical components, SSDs are smaller and more resilient than HDDs. They are more resistant to shock, vibration, and therefore provide better protection for data. What's more, SSDs also run silently.

Specifications

Product Code	EH-A512SE760
Color	Black
Capacity	512GB
Dimensions (L x W x H)	122.2 x 44 x 14mm / 4.8 x 1.73 x 0.55inch
Weight	95 g / 3.35 oz
Interface	USB 3.2 Gen2 Type-C (backward compatible with USB 2.0)
Operating system requirements	Windows 8 / 8.1 / 10
	Mac OS X 10.6 or later
	Linux Kernel 2.6 or later
	Android 5.0 or later
Op. Temperature	0 degreesC (32 degreesF) to 35 degreesC (95 degreesF)
Op. Voltage	DC 5V, 900mA
Accessories	USB 3.2 Type-C to C cable, USB 3.2 Type-C to A cable, Quick Start Guide
Note	1. Product includes USB-C to USB-C cable and USB-C to USB-A Cable. Connection to microUSB requires separate cable, not included.
	2. Compatibility with specific host devices may vary and could be affected by system environment.
	3. Connecting via USB 2.0 requires plugging in to two USB ports for sufficient power delivery. A USB Y-cable will be needed.
	4. Please note that USB 3.0, USB 3.1 Gen2, and USB 3.2 Gen2 are in fact the same specification and feature the same exact performance capabilities. The USB Implementers Forum (USB-IF) recently rebranded USB 3.1 Gen2 to USB 3.2 Gen2.
