Specifications

Overview:

Versa

Premium Travel Friendly Laptop Backpack, up to 14.1-Inch /MacBook Pro 15

The clean lines and classic styling of the Versa Premium Laptop Backpack make it the perfect solution for the mobile professional who wants the tailored look of a briefcase, and the organizational performance of a backpack. The intuitive design - both inside and out - offers the functionality you need; while the subtle styling, structured profile and dangle-free straps wont leave you hanging.

Features:

- Checkpoint Friendly 14.1-inch laptop/MacBook Pro 15 compartment
- Hard-shell quick-access sunglasses case
- Patented corner-guard protection system
- Front-loading quick-access file divider
- Felt-lined iPad/Kindle/tablet pocket
- Premium leather handles and accents

The Versa series of laptop bags

When youre looking for a professional laptop bag with classic styling, top of the line materials, and innovative organizational capabilities, choose the Versa series of laptop bags. EVERKIs Versa series is the perfect marriage of subtle style and extreme organization, with all the attention to detail and intuitive features youve come to expect from EVERKI bags. These bags are dressed to impress with high-quality ballistic nylon, clean lines and sleek profile, and enhanced with black on black premium leather accents and handles. Each bag in the Versa series ensures that you can remain tailored, structured and organized when you travel or walk into a business meeting. The Versa series of laptop bags - classic style, contemporary features.

The sleek and stylishly structured backpack for the mobile professional

Equipped with a separate technology compartment for storing up to a 14.1-inch laptop and 13-inch tablet, a quick-access magnetic pocket and zippered compartment for business essentials on the front, and the hard-shell sunglasses case on the top, the Versa Premium Laptop Backpack is made to function. The main compartment is large enough for a light jacket, and has a separate file divider to keep important papers neat; and the backpack holds its shape perfectly with structured and padded sidewalls that wont fall flat when you set the bag down. Youll find the padded back panel and trolley handle pass-through comfortable and convenient; plus, youll never be left hanging with our shoulder strap system that secures neatly with no dangling. The Versa Backpack - engineered for organizational structure.

Travel friendly

Airport security can be a hassle, so we designed the Versa Backpack with our hassle-free 180 degree fold-out design. The Checkpoint Friendly laptop design allows you to breeze through airport security without removing your device from its pocket. Simply open the Versa up 180 degrees, lay it flat, and your bag will quickly pass through the scanner. Should you need to remove your laptop, you can take it out and replace it without rummaging through your backpack or removing other contents. And on the plane, its designed to fit in the cabin above or neatly under the seat. Its that friendly.

Hard-shell quick-access sunglasses case

Are your sunglasses or reading glasses a traveling necessity Then you definitely want them protected inside your bag. EVERKIs unique hard-shell sunglasses case was designed specifically with this in mind. There is plenty of space in the built-in hard case for your sunglasses or reading glasses, as well as an additional nylon tuck-away for your phone or ear buds. And because its positioned on the top of the bag, you wont have to fumble around looking for them when you need them. Your glasses are safe, secure and right at your fingertips.

Patented corner-guard protection system

When you travel with your backpack as your mobile office, your laptop has to be securely protected. Thats why weve engineered the Versa Backpack with extra padding in the lining of the laptop pocket and molded-to-fit laptop corner guards. Our patented corner-guard protection system uses form-fitting corners to wrap snugly around the bottom of your laptop pocket, to protect against knocks and bumps - or if you accidentally set your bag down too abruptly. The shock-absorbing system of

the Versa Backpack will give you Peace of mind, knowing your laptop is safe inside your bag.

Premium leather handles and accents

To nicely round out the classic styling, we used premium leather accents on the black on black Versa Backpack which are subtle, yet striking. Professional enough to take the place of your briefcase, practical enough for a business flight. Classic, subtle, sleek.

Trolley handle pass-through

When traveling with many bags, the trolley handle pass-through on the back of the Versa Backpack allows you to double your efforts. Simply slip the Versa onto the handle of your luggage and youre ready to wheel through the airport.

Ergonomic dangle-free, storable shoulder strap system

Sometimes the situation calls for a more serious look. You can carry the Versa Backpack like a briefcase by its sturdy leather handles on the top of the bag with the shoulder straps tucked neatly into the back flap, so theres no dangling - anywhere.

High-contrast lining

All EVERKI interiors are stylish, high-contrast orange because we know how frustrating it is to mistakenly leave a compartment unzipped, and how difficult it is to organize against a black background. Savvy and Stylish.
