Overview Summary

EVERKI EKS622XL Venue XL Premium RFID Messenger Bag

The EVERKI Venue XL Premium RFID Messenger Bag combines premium materials with intelligent organization in a compact messenger design. Built from high performance ballistic nylon with premium leather accents, it is designed for everyday commuting, business meetings and travel while protecting your tablet and personal belongings.

The dedicated felt-lined and extra padded compartment securely accommodates devices up to 13 inches including the Apple iPad Pro 12 inch, Microsoft Surface Pro and Apple MacBook 12 inch. An integrated RFID protected pocket safeguards passports, credit cards and other RFID enabled cards from unauthorized scanning, while multiple internal pockets keep accessories neatly organized.

The ergonomic cross-body shoulder strap, quick access phone pocket and durable construction make this messenger bag an excellent companion for professionals, students and frequent travelers seeking premium protection and organization.

Performance tier: Premium Everyday Business Messenger

Uses: Business travel, daily commuting, tablet protection, office, meetings, education, document storage, international travel

Overview

You find spaces for what you need during a flight or your trip to the corner cafWith its intuitive layout and black on black leather accents, it sure to become your favorite essentials bag.

Description

The EVERKI Venue XL Premium RFID Messenger Bag is engineered for users who need a compact bag without sacrificing organization or protection. Its premium ballistic nylon exterior offers excellent resistance to daily wear while premium leather accents provide a refined professional appearance suitable for work, meetings and travel.

The interior features EVERKI's signature high visibility lining together with a felt-lined and extra padded compartment that protects compatible tablets and compact laptops from scratches and impacts. Multiple storage compartments allow you to organize chargers, pens, cables, notebooks, keys, travel documents and other everyday essentials for quick access.

An integrated RFID protected pocket helps secure passports, credit cards and RFID enabled identification cards against unauthorized scanning. A dedicated rear phone pocket, ergonomic shoulder strap and intelligently arranged compartments provide comfort and convenience throughout the day whether commuting, attending meetings or travelling internationally.

Simplicity is essential

The Venue XL Mini Messenger. Knowing you're always mobile, we designed this bag to transition seamlessly from travel to meeting or from day bag to evening outing. The usability of the cross-body design will quickly make the Venue XL your favorite essentials bag. Your mobile device, notepad, passport, travel documents and phone can all be stowed away securely in EVERKI's signature high contrast orange interior and it's RFID protected to secure your personal data. The clean, modern design is the perfect partner for your international flight or your urban outing. It's constructed using high performance ballistic nylon to resist wear, water, dirt and damage and accentuated with premium leather accents. The black on black makes its aesthetics as slick as its performance and the intuitive design makes it smart for an everyday bag. The Venue XL - compact in size, robust in style.

EVERKI's intuitive design

We've engineered the Venue XL for optimal user interface. Store your iPad Pro 12-Inch, Surface Pro or MacBook 12-Inch in the felt-lined and padded pocket. We've made the top flap generously proportioned for easy access, and multiple interior spaces allow you to find everything without any fumbling around. Protect your passport and credit cards in the RFID pocket, while the mesh pocket is perfect for your wallet. There are small slots for a stylus, earbuds, pens, a calculator, notepad and other peripherals and a designated hook for your keys. Your phone is easily accessible in its own special compartment, right at the back of the bag so you can quickly retrieve it without opening up the main compartment. The extra wide shoulder strap is engineered at an angle to keep the bag close to your body. Stylish organization for on-the-go functionality.

RFID protection

Most contemporary passports, credit cards and smart cards come equipped with an RFID micro-chip. Carrying them may make you vulnerable to illegal remote scans of the personal information stored on them. Identity theft is a serious concern. So we designed the Venue XL to protect the sensitive data on your passport and credit cards with an RFID-protected pocket. Simply slip your passport, credit cards or other forms of identification into the secure pocket, and your personal and banking information is safe from illegal RFID scans.

Felt-lined and extra padded tablet pocket

When you're traveling or sight-seeing, your bag can get knocked and bumped. That's why we constructed the Venue XL with multiple layers of protection in the device compartment. Starting with EVERKI's signature, super-soft, high contrast orange felt in the interior of the device pocket to protect against scratches and nicks. The bottom of the compartment has multiple layers of padding to protect your mobile device from bounces, bumps and knocks. Once your iPad, Surface or tablet is tucked away in the inner pocket, it's safely and securely protected inside the Venue XL.

Easy access phone pocket

EVERKI's pursuit of quality and innovation is noticeable even in the small things. We believe details like the location of the phone pocket are critical. That's why the Venue XL's phone pocket is on the outside and in the back, so you can reach it quickly and easily. You don't have to open the flap or remove the bag to get to your phone. Done Place it back in the easy-to-access phone pocket to keep it safe and secure.

Premium leather accents

For business casual, travel, or an urban outing, the premium leather accents of the black on black Venue XL are subtle, yet

striking. We designed it be a perfect companion for the boardroom or the boardwalk. Modern, subtle, sleek.

Wide, ergonomic shoulder strap
The Venue XL's extra wide cross-body strap is strategically angled because we know you want the bag to stay close to your body. Its substantial width and high-end nylon makes it comfortable to wear and keeps it from bunching and folding. Details matter.

High-contrast lining
All EVERKI interiors are stylish, high-contrast orange because we know how frustrating it is to mistakenly leave a compartment unzipped, and how difficult it is to organize against a black background. Savvy and Stylish.

Durable zippers and metal pulls
Have you ever broken a zipper on your favorite bag We have. That's why we designed the Venue XL using durable zippers and metal pulls. So your favorite bag can remain your favorite bag.
